2. To adopt the Annual Report of the Committee.

3. To adopt the Balance Sheet, the Income and Expenditure Statement, and Auditors ' Report for the period ending 31st March 2026.

4. To appoint an Auditor to hold office for the ensuing year with their remuneration.

5. Other resolutions, if any.

6. To elect the Committee for the ensuing year.

By Order of the Managing Committee,

Sd/-
MADHUR SOOD
Hon. Secretary

Date: 31-05-2026
Place: Bangalore

OBITUARY

President said Good Evening I would like to welcome you all to the 51st Annual General Meeting.

I regret to announce the demise of the following members of the club during the year 2025-26:

1	MR. CARIAPPA M.A
2	MRS. LATHA BHANDARI
3	DR. M RAMMOHAN RAO
4	MRS. MEENA SUBRAMANIYAM
5	MR. VIVEK KARAN
6	MR. ARUN AGGARWAL
7	MR. RANGA SRINIVASA K
8	MR. THIMMAIAH H C
9	MR. VIJAYARAGHAVAN B
10	MR. MOHAN E A
11	MR. SHIVALINGA MURTHY M E IAS RETD
12	MR. PERES D J
13	MR. RAMASWAMY M V
14	MR. KISHORE K V
15	MR. M VISWANATH
16	MR. PARAMESHWARAPPA S IFS

17	MR. NIRULA B K
18	MR. JAGANNATHAN T T
19	MR. JAYAPRAKASH RAMAPPA
20	MR. NITIN GUMBHIR
21	MR. SRINIVASA K VENKATAPPA
22	MRS. ANNIE SALLY THOMAS
23	MR. BHARATH A V
24	MR. ASWATHANARAYAN G
25	DR. RAVI RALPH
26	MR. DINAMANI S S
27	MR. GYANI P S
28	MR. DEVADAS K L
29	MR. SURENDRA V K
30	MR. MANCHANDA S K
31	MR. RAJENDRA H C
32	MR. VENKATA REDDY V
33	REAR ADMRL.VISWANATH C K
34	MR. TARUN HARIRAM KALRA
35	MRS. SHOBHA VEERABHADRA RAO
36	MRS. T THOMAS
37	MR. SANT SARAN MANTRI
38	MR. SRIDHAR N R
39	MR. VIJAY BHAT
40	DR. MAHADEVIAH M S
41	MR. RAMACHANDRAN V
42	DR. K SHAMA KAPUR
43	MR. SOOD S K
44	MR. PETER GEORGE MATHIAS
45	DR. NARAYANASWAMY M
46	MR. KARAN RAO
47	MR. SATISH MAHAJAN
48	MR. BITTIANDA RAVI SOMAIAH
49	MR. NARAIN PANJWANI
50	MR. GEORGE THOMAS
51	MR. RAMESH M
52	MR. VIJAY KUMAR
53	MR. PRASHANTH HEGDE B

President requested all the members present there to stand up and observe a minute's silence as a mark of respect to the departed souls.

Thank you,

President's Speech

My Dear Members,

On behalf of the Managing Committee, I warmly welcome you to the Annual General Meeting of the Karnataka Golf Association.

It is my privilege to present the Annual Report for 2025–26, a year of meaningful progress across our facilities, technology, finances, golf development, governance, and member experience. These achievements reflect the dedication of our members, committees, staff, consultants, and partners who continue to strengthen KGA.

KGA delivered another year of strong financial performance. Total income stood at Rs.48.37 crores against expenditure of Rs.39.51 crores, resulting in a surplus of Rs.8.86 crores. Expenditure capitalised during the year was Rs.13.38 crores.

Our investment portfolio remains strong, with fixed deposits of Rs.160.33 crores along with the investment in debt funds of Rs.43.20 crores, totalling Rs. 203.53 crores at the year-end. Prudent investment management continues to safeguard capital while generating stable returns. We also made significant progress in reconciling legacy member dues and successfully renewed our Income Tax exemption for 5 years under Sections 11 and 12 of the Income Tax Act until 2031.

Importantly, non-golfing revenue was maintained at 15.68% of total revenue, enabling us to continue meeting a key requirement for retaining our charitable status.

In addition, KGA received Income Tax refunds amounting to Rs. 8.43 crores, including interest, following sustained efforts and extensive engagement with the concerned authorities. Together, these outcomes represent significant milestones in safeguarding the Association's long-term financial interests.

I wish to highlight that under Income Tax rules, we are required to spend approximately Rs. 27 crores in Capital and other expenditure before 31st March 2030.

Digital Transformation

One of the year's most significant achievements was the launch of our integrated ERP platform on 1 April 2026. This marks a major step toward a fully digital KGA.

The platform integrates finance, procurement, billing, membership, tournaments, inventory, and communications into a single system, improving efficiency, transparency, reporting, and member services. Decades of legacy data were successfully migrated, and a dedicated member mobile application will be launched shortly.

As with any major technology transition, we experienced a few teething problems during the initial rollout, which are being addressed and resolved on an ongoing basis.

I thank all members for their patience and support during this important transition.

Capital Projects

The Managing Committee remained focused on delivering all General Body-approved projects on schedule. Key projects completed during the year included course lighting enhancements, course maintenance equipment, buggy procurement, cart-path extensions, driving range upgrades, and refurbishment of several clubhouse facilities.

These projects have significantly improved both member experience and operational efficiency.

Golf Course

We continued to invest in course quality, playability, and infrastructure. Tee box renovations were completed on multiple holes, while structured agronomy practices ensured the course remained in excellent condition despite handling over 1.25 lakh rounds annually.

Investments in modern maintenance equipment, irrigation upgrades, drainage improvements, and additional buggies have strengthened course operations and turf health.

A major milestone was the restoration of floodlit golf operations following extensive engagement with aviation authorities, enabling approved operating hours for members.

The BWSSB pipeline project at the KGA premises has made substantial progress during the year, with the majority of the installation work now completed. The remaining scope includes restoration works such as soil filling, levelling, shaping of the affected areas, and repair of infrastructure impacted during the execution of the project.

We continue to work closely with BWSSB to ensure the timely completion of the balance works and the full restoration of the affected areas of the golf course.

Driving Range

A key achievement was the completion of the SGM-approved Driving Range Modernisation Project. New monopoles, upgraded safety infrastructure, and facility improvements have enhanced both safety and aesthetics.

The completion of the Wet Well Project has also prevented polluted water from entering the golf course, improving environmental conditions and overall course quality.

Clubhouse

Several member-focused infrastructure projects were completed during the year, including upgrades to the Main Reception, Indoor Activity Area, Staff Lunchroom, Claret Bar & Terrace, and Lower Deck.

Additional improvements included parking area upgrades, a First Aid Room near the 10th Tee, enhanced drinking water facilities, and gym-related improvements. All approved projects were completed as per schedule.

Tournaments

The Tournament and Handicapping Department conducted 38 successful tournaments during the year.

The Club Champions Development Programme and monthly medal rounds strengthened competitive standards and contributed to improved inter-club performances, including a notable victory over HGA at HGA after 16 years.

KPL 7 once again proved to be a flagship event, attracting over 640 participants and generating a healthy surplus despite the absence of a title sponsor. The Bengaluru Open further reinforced KGA's reputation as one of India's premier golfing venues.

Participation in ladies' golf continued to grow, supported by a strong calendar of tournaments and member engagement initiatives.

The year also marked KGA's first international inter-club tournaments with Victoria Golf Club, Sri Lanka, and Dubai Creek, expanding our sporting relationships beyond India.

Junior Golf Development

Junior development remains one of KGA's highest priorities. During the year, financial assistance amounting to Rs. 79.52 lakhs was provided to 23 promising young golfers through the Junior Development Programme.

We are proud of the achievements of our junior golfers at both national and international levels. In recognition of their exceptional talent and accomplishments, special grants were extended to Ms. Avani Prashanth, Ms. Saanvi Somu, Ms. Aida Thimmaiah and Mr. Manoj S.

We also supported Mr. Nandan, a golfer with disabilities, to participate in tournaments in India and abroad.

KGA also takes pride in the achievements of its young golfers, including the notable performances of Ms. Vedika Bhansali and Ms. Aida Thimmaiah at the US Kids World Championship. We also acknowledge the continued progress of Veer Ganapathy, Jashan Ganapathy, Tanish Gowda, Jasmine Shekar, Saanvi Somu, and Adithya Gowda, who represent the promising future of golf at KGA.

These young athletes continue to be outstanding ambassadors for KGA, and we remain committed to supporting and nurturing the next generation of golfing talent.

F&B

The reopening of the Umbrella Bar proved extremely popular with members. A variety of dining experiences, themed events, and culinary programmes contributed to a vibrant social atmosphere.

Events

The Events Sub-Committee successfully conducted a wide range of member-centric events during the year, including Diwali Night, New Year's Eve, Christmas Carnival, Holi celebrations, family entertainment programmes, and several themed social evenings. These events continue to play an important role in fostering fellowship, community, and member engagement within KGA. However, sponsorship constraints and AGM-mandated fee waivers resulted in a departmental deficit of approximately ₹70 lakhs during the year.

To sustain these experiences and uphold the standards that members have come to expect, the Managing Committee is proposing a new bye-law to utilise a proportion of the Clubhouse Subscriptions towards supporting these activities.

HR & Legal

The Club continued its strong focus on employee welfare through medical camps, recognition programmes, staff engagement initiatives, and training activities.

On the legal front, several pending matters saw positive progress, resulting in a reduction in active disputes and continued protection of the Club's interests.

New Club House & Golf Course

Discussions regarding the proposed New Club House continue with relevant authorities. Once approvals are received, detailed proposals will be placed before the General Body.

The New Golf Course Committee is also evaluating a proposal for a Championship golf course to be operated and maintained by KGA. Following due diligence, the proposal will be discussed with members in an open house before being placed before the General Body.

The Rules Revision Sub-Committee has undertaken substantial work on necessary amendments, which will be placed before members for consideration at an SGM as soon as possible.

Dear Members,

On behalf of the Managing Committee and Members of KGA, I would like to congratulate Hon'ble Minister for Tourism, Shri K.J. George, who has been a long-standing and distinguished member of KGA as well as an avid golfer. He has been extremely supportive of the development of KGA and the promotion of golf. We greatly appreciate his continued encouragement and contributions, and we wish him continued success in all his endeavours.

I would also like to update members on the observations raised by the PAC Committee regarding KGA. The Managing Committee has been actively engaging with the concerned authorities to provide clarifications and present the Association's perspective on these matters.

I would like to place on record my appreciation for the support and guidance of Senior Member Shri B. S. Patil, our Past Presidents Mr. K. Chandraprakash and Mr. Sanjay Nadgouda, and former Government Nominee Mr. Vijay Sharma for their valuable assistance in our engagement with various Government authorities and agencies. They deserve a round of applause.

Members gave a big round of applause.

We also had the opportunity to meet senior Government dignitaries, including the Hon'ble Chief Minister and the Hon'ble Tourism Minister, to highlight KGA's contribution to sports development, youth participation, and sports tourism in Karnataka. These interactions have been positive and encouraging, and we remain confident that the matters under consideration will be resolved through continued dialogue and cooperation.

On behalf of the Managing Committee and Members of KGA, I would like to extend our heartfelt congratulations to the Bangalore Golf Club on the proud occasion of its 150^{th} Anniversary. We are proud of our long-standing association with the Club and wish its Management and Members continued success, prosperity, and many more years of excellence.

I place on record my sincere appreciation to our Government Nominees, Managing Committee Members, Sub-committee members, Past Presidents, senior members, consultants, staff, and all stakeholders who contribute to KGA's success.

Before I conclude, I would like to acknowledge someone who has been my greatest inspiration my father, Mr. Anil Kumar Bhandari.

As one of the individuals who helped establish KGA, his dedication, integrity, and commitment to this institution have shaped my own journey. Whatever contribution I have been able to make is built upon the values he instilled in me.

Above all, I thank our members for your trust, support, and encouragement.

As we look ahead, let us continue to build on our strong foundations while embracing opportunities for growth and modernisation. Our responsibility is not only to preserve this institution but to leave it stronger for future generations.

Thank you for your continued confidence in the Managing Committee.

I wish you and your families good health, happiness, and many enjoyable years of golf and fellowship at KGA.

Thank you all once again

Members applauded the President.

Appointment of Chief Teller and Tellers:

The President said that they would like to appoint the Chief Teller and Tellers at that point.

He stated that the Managing Committee had proposed Mr. Pramod Kurian (INDP051) as the Chief Teller for the conduct of the AGM and Elections for 2026–2027. He requested the General Body to approve the appointment of the Chief Teller by a show of hands.

The President thanked the members.

Tellers: He also read out the names of the Tellers who had been appointed by the Chief Teller and requested them to stand up as their names were read out.

1 Mr. Ravi Sharma

2 Mr. Ramesh V Rangaswamy

3 Mr. Vivek Nagarkatti

4 Mrs. Kavita Pahuja

5 Mr. Krishna Kumar Ramachandra

6 Mr. Ram Chandra Rustagi

7 Mr. Arun Menon

8 Mr. Sriram Srinivasan

9 Mr. Prasan Bhat

10 Mr. Francis Lazar

11 Mr. Uday Shankar P

12 Ms. Ashwini Jaisim

13 Mr. John Serro A

14 M. Rakesh Rao M C

15 Mr. Nataraj Anjanappa

16 Mr. Bhushan Bhasker

17 Mr. R Satyanarayan

18 Mr. Junaid Mahmood Jaffer

19 Mr. Suresh Prasad G K

The President sought the concurrence of the General Body for the appointment of the other Tellers by a show of hands.

The General Body unanimously approved the appointment of the Chief Teller and Tellers.

Proposed by: Mr. Harish Kumar Shetty, INDS234
Seconded by: Mr. Praveen Singhvi, INDS257

The President stated that the empty ballot boxes had been sealed in the presence of the Chief Electoral Officer, the Members of the Electoral Committee, the Chief Teller, and the Candidates. He further stated that the keys of the ballot boxes had been handed over to the Chief Electoral Officer and that the keys had been sealed.

The President also expressed his appreciation to Mr. V. Venkat Subramaniam, Mr. Suresh Jois, and Mr. N.V. Babu for the hard work they had put in over the preceding few weeks to assist with the election process. He requested the members to give them a round of applause.

The members applauded the Chief Electoral Officer and the Members of the Electoral Committee.

INTRODUCTION OF THE CANDIDATES CONTESTING FOR ELECTIONS 2026-2027

The President stated that the names of the candidates contesting the elections to the Managing Committee for the year 2026–2027 would be called out and requested the candidates to stand up as their names were called.

<u>Post of President:</u>

1. **Col. C. P. Nanjappa (Retd)**

   Proposed by: Mr. H. C. Kishore Chandra
   Seconded by: Maj. Gen. M. C. Nanjappa
   Mr. M. Sunil Bhandary

<u>Post of Captain:</u>

1. **Mrs. Roopa Pratap**

   Proposed by: Mr. Shanmugam S
   Seconded by: Mr. Uday Eswaran
   Mr. Shivram Krishna Warrior

<u>Post of Hon. Secretary:</u>

1. **Mr. Hari R. Achanta**

   Proposed by: Mr. Sumit Rathor
   Seconded by: Dr. B.G. Rudrappa
   Mr. V. Madhu

2. **Mr. Ranjan Biswas**

   Proposed by: Mr. V. Kumar Subramanian
   Seconded by: Mr. Mayur Patil
   Mr. Vivek Varma

<u>Post of Hon. Treasurer:</u>

1. **Mr. Devaiah Somaiah Thennira**

   Proposed by: Mr. Sanjay V. Nadgouda
   Seconded by: Mr. George Pearson
   Mr. Arun Kumar I.D.

<u>For Committee Members:</u>

1. **Sqn. Ldr. Ashok Gowda**

   Proposed by: Mr. B. Uday Kumar
   Seconded By: Mr. M. Arun Ponappa
   Dr. V.R. Iyer

2. Dr. Girish C Panth

Proposed by: Mr. Nagarjun Sakhamuri
Seconded by: Mr. G.S. Ravi
Mr. Abhijeet Singh

3. Gp. Capt. A.S. Kumaran

Proposed by: Mr. R.P. Ramalingam
Seconded by: Mr. Vijayendra P. Bhat
Mr. K.K. Mathew

4. Mr. Prasanth C.

Proposed by: Dr. Subroto Cariapa
Seconded by: Mr. B.N.S. Reddy
Mr. Monty Paruthi

5. Mr. Swamy J.M.

Proposed by: Mr. N. Prakash, IAS,
Seconded By: Mr. Sathya Sunder H. M.
Mr. Sujith Somasundar

The President wished all the candidates the best of luck.

He requested all the candidates to remain seated until the conclusion of the AGM, as mandated by the Chief Electoral Officer and as agreed to by them upon signing the acceptance of the nomination form when proposing to contest the election.

He informed the members that the entire Club House and the entry points where flexible gates had been installed had been designated as out-of-bounds areas for canvassing.

He stated that the balloting would commence at 6.00 p.m. and conclude at 9.00 p.m.

He sought the permission of the General Body to allow the Statutory Auditors, Mr. Ashok Raghavan and Mr. Veeresh, the Internal Auditor, Mr. Gunasheela, and the Tax Consultant, Mr. Shashi, to be present in the AGM hall during the proceedings.

The General Body granted permission by a show of hands.

The President thanked the General Body.

The President stated that he would now take up the items listed on the agenda for the meeting. He requested the members who wished to speak to raise their hands and come to the podium before addressing the meeting. He further requested the members to state their names and account numbers and to confine their remarks to the items under discussion and keep their comments brief.

1. To confirm the Minutes of the following Meetings:

(a) To confirm the Minutes of the 50th Annual General Meeting held on 27th June 2025.

The President stated that the Minutes of the meeting had already been circulated and sought the concurrence of the General Body to take the Minutes as read and confirmed.

Mr. Ramachandran Vellore (INDR457) greeted the members and stated that he had a small observation regarding the Minutes of the Meeting (MOMs) that were circulated. He stated that the MOMs essentially recorded the deliberations, resolutions, commitments, suggestions, and directives of the General Body.

He observed that an ATR (Action Taken Report) was also circulated along with the MOMs and suggested that it would be more appropriate to refer to it as an “Action To Be Taken Report” (ATTR), since an Action Taken Report should ideally be presented at the end of the year after the actions had been completed. He suggested that the ATTR could be presented at the end of the year as an evaluation of the actions taken and the extent to which the decisions had been implemented.

Referring to page 9 of the Minutes, he stated that it had been recorded that a car-stacking parking system with solar panels would be installed to offset the cost of electricity. However, he pointed out that the ATR stated that, due to a change in design, the solar panels could not be installed and that the project had been changed to a car-parking stacking system, which was expected to generate approximately 70 kilowatts of energy instead of 50 kilowatts.

He sought clarification from the President as to whether the proposed solar panel installation existed. The President confirmed that the solar panels had not been installed.

Mr. Ramachandran Vellore continued by stating that both the MOM and the ATR indicated that the solar panel installation existed. He therefore requested that the terminology be changed to ATTR, particularly as the Minutes would be referred to in the future. He further stated that there were a few other matters that had not been implemented, but he had not taken the time to examine them in detail. He concluded by thanking the members.

The President thanked Mr. Ramachandran Vellore.

The President then sought the concurrence of the General Body to take the Minutes as read and confirmed.

The Minutes of the 50th Annual General Meeting held on 27th June 2025 has been approved by the General Body.

Proposed By: Mr. BNS Reddy, INDR108
Seconded by: Mr. Rahul Chatterjee, INDR436

(b) To confirm the Minutes of the Special General Meeting held on 13th October 2025.

The President stated that the Minutes of the Special General Meeting had already been circulated and sought the concurrence of the General Body to take the Minutes as read and confirmed.

The Minutes of the SGM held on 13th October 2025 has been approved by the General Body.

Proposed by: Mr. Prasanth Sakhamuri, INDS250
Seconded by: Mr. BNS Reddy, INDR108

(c) To confirm the Minutes of the Special General Meeting held on 7th February 2026:

The President stated that the Minutes of the Special General Meeting had already been circulated and sought the concurrence of the General Body to take the Minutes as read and confirmed.

Mr. Ramachandran Vellore (INDR457) sought two clarifications from the President. He asked whether the Special General Meeting had been held without being aware of the applicable rules, or whether the office-bearers were aware of the rules.

The President stated that it was not a question of being unaware of the rules, but rather a question of interpretation. He further stated that the said rule has been introduced in February 2025. He added that, being a senior member, if anyone was aware of the rule, it was their duty to have approached the office-bearers and brought the matter to their attention.

The members applauded the President.

Mr. Ramachandran Vellore then stated, "So, basically…"

The President interrupted and said, "Thank you, Sir. Is there anything more to it, or do you want to know whether we knew about it or not?"

Mr. Ramachandran Vellore stated that the Association's own Bye-laws very clearly provided for the position regarding ignorance of the rules and Bye-laws.

The President agreed and stated that the matter had already been established. He then asked whether there was any other point, apart from whether the office-bearers were aware of the rule.

Mr. Ramachandran Vellore stated that he had not understood the question.

The President again asked whether there was any other point to his query, other than ascertaining whether the office-bearers were aware of the rule.

Mr. Ramachandran Vellore clarified that this was the main point that he had wanted to raise.

The President thanked him.

Proposed by: Mr. Venkat Subramaniam, INDV089
Seconded by: Mr. K. Chandraprakash, INDC007

2. To adopt the Annual Report of the Committee for the year 2025- 2026:

The President stated that the Annual Report for the year 2025–2026 had already been circulated and sought the concurrence of the General Body to take the same as read and confirmed.

Mr. C.N. Kumar (INDK104) addressed the Chairman, members of the Managing Committee, and fellow members. He stated that, in his opinion, the Committee had done well in two significant areas.

First, he appreciated the Committee for having secured an extension of the charitable status for a further period of five years. He stated that this was a significant achievement and deserved appreciation.

The members applauded the Committee.

Second, he stated that, after a long journey marked by various challenges and mishaps, the implementation of the ERP system was another significant achievement. He complimented the Committee for successfully implementing the ERP system and thanked the Committee.

The President thanked Mr. C.N. Kumar for his observations and asked whether the Annual Report could be taken as confirmed.

The General Body confirmed the Annual Report for the year 2025–2026.

Mr. B.S. Patil, INDP020, IAS, addressed the President and the Committee and stated that he had only one point to make, relating to the election process. He stated that he was not sure whether he was entitled to speak on the matter and sought the President's permission to proceed.

He stated that, as he had come to understand, nearly three applicants had been rejected on the ground that they had not completely filled in their application forms. He stated that the Bangalore Club was a social club and that members who came forward to participate in its management did so with a purpose of spending their time and contributing something to the Club, particularly through their experience and knowledge.

He stated that there were three aspects which he had noticed regarding the election process. First, he referred to the requirement that an applicant should submit the application in a sealed cover and requested the President to correct him if he was mistaken.

He stated that, in his understanding of election processes elsewhere, an applicant would submit the application to a person nominated by the Club to receive and examine the application. The person receiving the application would check whether all the required particulars had been properly filled in and entered. After verifying the application, the person would accept it and take it forward. If there were any omissions, they could be identified at that stage.

He stated that, in the present process, because the application was submitted in a sealed cover, there was no person within the Club to guide the applicant regarding the application.

He stated that, after the application proceeded to the next stage, a Committee was constituted for scrutiny. He stated that the applicant was required to provide information regarding his Club background, including whether the applicant had been suspended or not, and other such particulars.

He pointed out that, if one person had omitted such information, it might be understandable. However, he questioned why three persons had been rejected on the same terms and conditions. He stated that the Scrutiny Committee could also call the applicants and clarify the omissions and questioned what difficulty there would be in doing so.

He stated that the matter did not relate to a constitutional position. He further stated that he was not aware whether a specific rule had been framed in this regard and requested the present Committee as well as future Committees to reconsider the procedure.

He requested that the process be made more member-friendly and that every member who wished to contest the election should be given an opportunity to contest, rather than being rejected merely on technical grounds. He stated that a person could not simply be rejected on such grounds and that such rejection was, in his view, absolutely not acceptable under any democratic norm. He stated that what had been done was blatantly wrong.

The members applauded Mr. B.S. Patil.

Mr. B.S. Patil continued and stated that whoever had been given the authority in this regard did not have the authority to reject an applicant. He requested the Committee to examine and look into the matter.

He further stated that, if the affected applicants had approached the Court, the Court would have set the matter right. He stated that the Club should be thankful to those persons who had not approached the Court, as otherwise the Club would have had to face the resulting proceedings. He once again requested the Committee to reconsider this aspect of the election process.

While thanking Mr. B S Patil, the President agreed to all his points.

Mr. B.S. Patil then stated that he had a second point to raise. He referred to the recent occasion when the Chief Minister of Karnataka had visited the Bangalore Golf Club and stated that the members had the opportunity of having the Chief Minister at the Club. He stated that he loved the game of golf and that, to the extent possible and in whatever capacity he could, he had been able to contribute to and support the game.

He stated that one of the important points mentioned by the Chief Minister was that the members of the Bangalore Golf Club, KGA and other clubs had been looking for an alternate land for a golf club. He stated that the Chief Minister had said that the members should go ahead and search for land and that the Government would facilitate the process. He stated that the Chief Minister had encouraged the members to identify a new site for a golf club.

Mr. B.S. Patil stated that, while the private sector had been able to acquire land for golf clubs in the past, going forward it would be difficult for the private sector to acquire 200 to 250 acres of land, particularly in view of the rapid pace of urban development.

He therefore requested that someone in KGA take the initiative to form a group of people and enthusiasts with the purpose of creating a new golf course and not for the purpose of real estate.

He stated that, in his capacity and with whatever contribution he could make, he would provide guidance to such an initiative. He further stated that he would provide guidance on the way forward and assist in identifying a new location around Bangalore, within approximately 50–75 kilometres.

He thanked the members.

The President, addressing the members, stated that he wished to take the opportunity to thank Mr. B.S. Patil for appreciating KGA during his remarks at BGC in the presence of the Chief Minister. He stated that Mr. B.S. Patil had also briefed the gathering on the journey and transition of KGA from the time of its inception to its present position.

The President thanked Mr. B.S. Patil.

Mr. Praveen Kumar Singhvi (INDS257) appreciated the points raised by Mr. B.S. Patil and stated that he fully agreed with both points. He then added certain observations regarding the first point raised by Mr. B.S. Patil concerning the election process.

He stated that the Club was presently represented by only five Committee members, whereas six Committee members were required, and observed that this was not a good indication for the Club. He stated that it was not fair for the Committee to have only five members when six were required.

He stated that, in his view, the Committee could have been somewhat lenient in dealing with the rejected applications. He pointed out that one of the persons whose application had been rejected had served on the Committee for many years. He stated that, in such circumstances, the President should have had the authority to exercise discretion and allow the person an opportunity to contest the election rather than rejecting the application.

He further stated that, if there were arrears or any other such issue, it was unfortunate that a Committee member who wished to continue serving the Club should be rejected for what he considered to be a minor or technical reason. He stated that the person concerned had served the Club for many years in good faith and had done a good job. He expressed the view that such a situation was not fair to the Club and stated that the matter had not been appropriately acknowledged.

The members applauded Mr. Praveen Kumar Singhvi.

The President stated that the point had been understood and agreed that the matter arose from a combination of the existing rules and other applicable provisions.

Mr. Praveen Singhvi stated that, while he agreed with the President, he felt that the President should have some authority to exercise discretion and take appropriate decisions in such matters.

The President stated that, under the present Rules, which were proposed to be changed or modified, such discretion was not permitted.

Mr. Praveen Singhvi stated that he agreed that the Rules could be changed.

The President stated that the Rules would accordingly be changed.

Mr. Praveen Singhvi reiterated that he strongly felt that the President, in his capacity, should have taken a small risk and allowed the concerned persons to stand for election.

The President stated that, as already explained, the existing Rules had been duly passed and that the matter had been considered in accordance with those Rules. He reiterated that the Rules would be changed.

Mr. Praveen Singhvi stated that the President should be empowered to take certain decisions in appropriate circumstances, even where such decisions might not be considered significant. He referred to Mr. B.S. Patil's earlier observation that members came to the Club to enjoy and contribute and stated that such situations should not be allowed to arise. He reiterated that the President should be allowed to exercise certain discretionary powers.

The President stated that the necessary action would be taken to ensure this.

Mr. Praveen Singhvi then addressed the second point raised by Mr. B.S. Patil concerning the need for a new golf course. He stated that the Club genuinely needed a golf course and requested that the matter be placed on a fast track. He observed that, with the increasing membership of the Club, there was a need to establish a time frame within which a golf course should be developed. He requested the Committee to work on the matter and stated that the members were available to support the initiative.

The President stated that work was already in progress. He informed the members that a Committee had been constituted for the purpose, with Mr. Nandan Heblikar as one of its members, and that the Committee was evaluating a project. He further stated that, in view of the Chief Minister having already mentioned the matter during the visit to BGC, the Club intended to take advantage of the opportunity.

Mr. Praveen Singhvi requested that a specific time frame be fixed. He acknowledged that a Committee had been formed but stated that the members were not aware of the work being undertaken by the Committee. He therefore requested that information regarding the progress of the Committee be made available to the members.

The President stated that the members would be informed as and when there was something to report.

Mr. Praveen Singhvi stated that the matter was being discussed every year and that, thereafter, the Committee changed and the members did not see any action being taken. He therefore suggested that the Committee should provide a report on the progress of the matter every quarter or every month so that the members could be kept informed and could provide the necessary support.

The President stated that, whenever there was something to report, the same would be communicated to the members.

Mr. Praveen Singhvi thanked the President.

Mr. V. Venkat Subramaniam (INDV089) addressed the members and stated that, with due respect to his mentor, Mr. B.S. Patil, he agreed with and took on board Mr. Patil's views regarding the manner and methodology of accepting nomination forms.

He explained that, a few years ago, a Committee in office had decided that nomination forms should be submitted in sealed covers. Accordingly, the nomination forms were submitted in sealed covers, which were opened only after the due date and after the last date for withdrawal had passed.

He stated that, upon opening the sealed covers, it was found, to their surprise, that three members had left a section relating to self-declaration, consisting of seven questions, completely blank. He pointed out that this was a personal self-declaration which could not be completed by anybody other than the respective candidate.

He stated that, on this ground, he and the other two members of the Electoral Committee had acted fairly and impartially in rejecting all three candidatures.

He further stated that, in respect of one of the candidates, the proposer or seconder had not paid the required dues. He stated that the Club Rules provided for this requirement and that neither the Electoral Committee nor any individual member of the Committee had the authority to overrule the Club Rules and allow such a candidature to proceed. Similarly, the Committee could not allow an incomplete nomination form to be submitted and taken on record.

He stated that whether the candidate should be called after the due date to complete the form and have it accepted, or whether the proposer or seconder should be permitted to pay the dues after the due date, was a matter for the General Body to consider by amending the Rules.

He suggested that, if the General Body wished to change the procedure, the Scrutiny Committee could be dispensed with altogether. The candidates could instead submit their forms to the office, where the forms could be checked for compliance with the requirements and taken on record if found to be in order.

He stated that the members of the Scrutiny Committee had spent many evenings at the Club, approximately four or five evenings, examining the nomination forms and ensuring that the Rules were followed in letter and spirit.

He stated that this was all that the Scrutiny Committee had done and acknowledged that, in the process, some members had been hurt, unfortunate as the situation might be. He clarified that there was no personal malice against any of the affected members and stated that the Committee wished them well in the future.

He reiterated that, as of that date, he and the other two members of the Electoral Committee had followed the Rules in letter and spirit and had acted accordingly.

He requested the President and the members of the General Body to amend the Rules if they wished to change the procedure for future years.

He thanked the members.

The President stated that, as he had rightly mentioned earlier, the Club had encountered a combination of issues during the year arising from Rules that had been passed in 2025 and which were intended to be changed in February 2026.

He further stated that one of the Rules provided that the decision of the Electoral Committee would be final, which was a new provision. He stated that the necessary changes were being undertaken and would be implemented.

The President thanked Mr. V. Venkat Subramaniam.

Mr. Prasanth Sakhamuri (INDS250) addressed the President and, in connection with the Annual Report, congratulated the Committee and all the Office Bearers for having done a great job throughout the year. He stated that the various projects undertaken during the year had been completed very well.

The members applauded.

The President thanked Mr. Prasanth Sakhamuri.

Mr. Prasanth Sakhamuri specifically appreciated the condition of the golf course, stating that it had been maintained in excellent condition throughout the year despite the various challenges and the large number of tournaments conducted during the year.

He stated that an exceptional amount of work had gone into maintaining the course and appreciated the efforts of the Course Chairman and his team. He also acknowledged the efforts of the course workers and staff who had worked continuously to maintain the course in such good condition, despite approximately 140,000 players having played on the course, which he stated was probably the highest number in the world. He observed that, notwithstanding such a large number of players, the course had been maintained consistently well.

He further stated that the other projects undertaken by the Club had also progressed smoothly and on schedule.

Looking ahead, he stated that there were a few matters which he wished to recommend. Referring to the point raised earlier by Mr. B.S. Patil, he stated that there was a need to make corrections to the election process.

He further stated that, in the present situation, the members felt deprived of their right to choose, as they were required to proceed with whatever candidature was available. He stated that, if an amendment to the election process was being considered, the concept of NOTA (None of the Above) should also be considered, particularly in a situation where there was no contest and the election was otherwise unanimous. He stated that this would ensure that members retained their right to express their choice in the event of any such situation or stalemate.

He then referred to the driving range and stated that it had been developed very well. He suggested that the next step should be to upgrade the terrain of the driving range so that it would be in keeping with the appearance and standards of the rest of the golf course.

He expressed the hope that the President and the incoming President and Committee would take the matter forward.

He thanked the President and wished the Committee all the best for a successful year, acknowledging the work done during the year.

The President thanked Mr. Prasanth Sakhamuri.

Mr. Harish Kumar Shetty (INDS234) addressed the President and stated that he had a few submissions to make regarding the election process, on which Mr. B.S. Patil had spoken earlier.

He stated that, in his personal view, one of the grounds on which some of the applicants had been rejected related to the columns required to be filled in the application form and that this was different from the Rules of the Club. He stated that there were two aspects to be considered: first, the implication of the Rule; and second, the nature of the information required to be provided in the application form.

He referred to the questions in the application form relating to whether any disciplinary proceedings had been initiated against the applicant, where the applicant was required to indicate “Yes” or “No” and, if the answer was “Yes”, provide the details.

He questioned the position that would arise if disciplinary proceedings had been initiated against a candidate in the past but the candidate inadvertently or otherwise answered “No” in the application form. He stated that, in such a situation, the matter would necessarily have to be referred back to the Committee or the Office Administration to verify whether any such default or disciplinary action had existed or had been initiated against the candidate in the past.

He therefore questioned what difficulty there would have been in asking a candidate who had inadvertently omitted to tick the relevant column whether the candidate wished to rectify the omission. He stated that, in his view, the Committee could have taken such a decision.

He further stated that, if the Electoral Committee found it difficult to take such a decision, the matter could have been referred back to the Committee, which could then have decided whether the candidate should be permitted to rectify the omission.

He pointed out that, in any event, if a self-declaration made by a candidate was subsequently found to be incorrect, the candidate would not be permitted to proceed with the candidature. He therefore stated that the matter could have been referred to the Committee for appropriate intervention.

He stated that, if the Committee subsequently received information that legal or disciplinary proceedings had been initiated against a candidate, the candidate would not simply be allowed to proceed with the election. There would necessarily be an intervention by the Committee.

He therefore stated that the matter should similarly have been referred back to the Committee at the relevant stage for its intervention and feedback, particularly since the requirement in question formed part of the application form and was not itself a provision contained in the Rules.

The President responded that the major issue was that the Club had found itself in a situation where the amended Rules introduced in February 2025 had come into effect, while those Rules were intended to be amended again in February 2026. Unfortunately, the proposed amendment could not be carried out. He stated that the present situation was therefore a mixture of the two sets of circumstances.

The President further stated that, prior to the amended Rules, there had been a situation where such matters could have been overruled and discussed. He stated that the Club had unfortunately become caught in the situation arising from the Rules and that the same would be changed.

Mr. Harish Kumar Shetty raised another point regarding a provision in the Rules which required a person to have played 20 rounds of golf.

The President acknowledged that this was also one of the provisions under consideration.

Mr. Harish Kumar Shetty stated that obtaining a playing slot at KGA was not easy in itself.

The President reiterated that this was one of the provisions being considered.

Mr. Harish Kumar Shetty stated that a person who was interested in serving the Club in an administrative capacity should not be denied the opportunity to participate in the management of the Club merely on the ground that the person had not played 20 rounds of golf. He therefore stated that this requirement needed to be reconsidered.

The President stated that, in the approximately 50 years of the Club's history, this was, in his view, the first time that so many such problems had arisen. He stated that this was again because a Rule had been introduced and that the Club was now planning to change it.

He further stated that, unfortunately, the Club had become caught by some of these provisions. He referred to the point raised by Mr. Ramachandran Vellore at the previous meeting and stated that the matter which had not taken place was also attributable to one of the Rules introduced in 2025. He stated that all such provisions would be changed.

Mr. Harish Kumar Shetty raised one further point for consideration while making changes to the Rules, relating to arrears of payment by a Proposer or Seconder.

He stated that arrears of payment should not by themselves be considered a default. He explained that a default would arise only when a person was formally declared a Defaulter and the person's name was published on the Club notice board.

The President agreed and stated that the provision relating to arrears was already there.

Mr. Harish Kumar Shetty stated that he was not certain whether this was the criterion on which the concerned person had been rejected.

The President stated that there was also a provision relating to a person being declared a Defaulter and the name being displayed on the notice board.

Mr. Harish Kumar Shetty stated that it would be extremely unfair if a member's payment was not made on time while the member was still within the period allowed for payment. He explained that there was a process whereby a reminder notice was first issued, followed by the formal declaration of a person as a Defaulter, and that the question of the person's eligibility to sign or not should arise only thereafter.

The President stated that the matter would be looked into.

Mr. Harish Kumar Shetty thanked the President.

The President stated that all these matters had been brought up for consideration and reiterated that, unfortunately, the proposed changes had not taken place.

Mr. K. Chandraprakash (INDC007) addressed the Chairman and stated that he wished to make a different observation regarding the election process.

He stated that the Club was a very responsible and significant institution and requested that candidates coming forward for election in the future should spend sufficient time completing and reviewing their nomination forms. He requested the candidates to go through the application forms carefully and also ensure that their Proposers and Seconders were not in arrears. He stated that this was the least that candidates could do in order to serve the institution.

He thanked the Chairman.

The President thanked Mr. K. Chandraprakash.

Mr. C.N. Kumar (INDK104) stated that various views had been expressed regarding the election process followed on the present occasion. He observed that some members had expressed the view that the matter could have been handled differently, while, at the same time, the Chairman of the Electoral Committee had explained the reasons for the actions taken by him and his Committee.

He therefore stated that sufficient views had been expressed on the matter and suggested that no further time be spent on the discussion, particularly as it was almost 6:00 p.m. and most of the items on the agenda had yet to be taken up. He requested the Chairman to proceed with the remaining discussions and the other matters requiring consideration.

The President thanked Mr. C.N. Kumar.

Mr. Nandan Heblikar (INDH019) congratulated Adith and the Managing Committee and stated that they had done a great job during the year. He expressed his happiness at seeing Mr. B.S. Patil present at the meeting and observed that whenever Mr. B.S. Patil came to the Club, there was considerable activity and discussion.

Referring to the extensive discussion that had taken place regarding the electoral process, Mr. Nandan Heblikar suggested that the further discussion on the matter should now be concluded and that a Committee should be constituted to review and revise the Rules again.

The President agreed and stated that this would be done.

Mr. Nandan Heblikar then suggested that the meeting proceed to the next topic and thanked the members.

The President thereafter asked whether the Annual Report could be taken as read and confirmed.

The General Body confirmed the Annual Report for the year 2025–2026.

The President thanked the members.

Proposed by: Mr. K. Chandraprakash, INDC007
Seconded by: Mr. Gopal Das Bagri, INDB097

3. The next agenda item is to adopt the Balance Sheet, Income & Expenditure Statement, and Auditors' Report for the period ending 31st March 2026.

The President asked whether the Balance Sheet, Income & Expenditure Statement, and Auditors’ Report for the period ending 31st March 2026 could be taken as read and confirmed.

Mr. G.D. Bagri, (INDB097) addressed the members and wished everyone a good evening.

The President intervened and informed the members that, for their information, the balloting had opened at 6:00 p.m. and would remain open from 6:00 p.m. to 9:00 p.m. He requested the members to take note of the same.

Mr. G.D. Bagri then stated that he wished to begin by complimenting the President, his team and all those involved in the successful transition to the new ERP system.

The President asked why he wanted to mention the same, stating that Mr. G.D. Bagri had said that he wanted to do so and that nobody had asked him to do so.

Mr. G.D. Bagri clarified that he was mentioning it because the appreciation was becoming repetitive, which was the reason he had said that he wanted to do so.

The President acknowledged the same.

Mr. G.D. Bagri then made the following observations:

1. He stated that the Claret Bar upstairs had turned out very well and expressed the hope that it would be equally well maintained. He stated that it had come out beautifully.
2. He requested that members be provided an opportunity to use the facility, whether as the Party Hall or for whatever purpose the facility had been created.
3. He stated that the Food and Beverage services had been excellent throughout the year and mentioned that he and his wife had enjoyed most of the weekend lunches.

The President observed that some members were unable to hear clearly and specifically mentioned that Mr. Ajay Sharma could not hear.

4. Mr. G.D. Bagri stated that the course had played very smoothly during the recovery period following the bi-annual maintenance.
5. He stated that the re-routing of the drainage pipeline along the Storm Water Drain (SWD) near the 10th and 11th holes had been a fantastic initiative, instead of routing it from one to four.

The President thanked Mr. G.D. Bagri.

Mr. G.D. Bagri then stated that he had a few concerns which were not directly related to the accounts and sought the President’s permission to speak about those matters, or whether he should proceed directly to the accounts.

The President suggested that the discussion should first proceed with the accounts, as the quorum for the meeting was important.

The President further requested the members to return after casting their votes.

Mr. G.D. Bagri then stated that, at the last AGM, the General Body had approved two specific resolutions:

1. To declare income and expenditure exceeding Rs. 5 lakhs and provide the details thereof.
2. To provide unaudited financial results for the current quarter, i.e., April to June.

He stated that the expenditure details had been provided on pages 58 to 63, but the revenue details had not been provided. He stated that, fortunately, a link containing the revenue details could be sent to all the members.

He further stated that the unaudited financial results for the three months, or approximately two and a half months, as may have been possible, had neither been circulated nor displayed. He requested that this point be noted and that the concern be addressed at least in the future.

The President stated that it had already been informed that the necessary adjustment would be made.

Mr. G.D. Bagri stated that he had had considerable interaction with the President and Treasurer and that he had attended more than ten sittings with them. He stated that several matters had been discussed and resolved and that one of the matters to which both the President and Treasurer had committed was that, within the next quarter, they would prepare a policy document on finances.

He stated that the policy document would also provide for the transfer of amounts from one account to another and would set out how any changes in those policies would be addressed. He stated that the President had committed that the policy document would be prepared within the next quarter.

He further requested that the incoming President and the incoming Treasurer ensure that the policy document was prepared within the next 90 days and rolled out to the members at the next General Body meeting.

The President stated that the matter was included in the handover document from the Treasurer.

Mr. G.D. Bagri clarified that the handover document was an internal matter and stated that he wanted a commitment on the matter at that stage.

The President confirmed that it would be done.

Mr. G.D. Bagri then stated that one matter which had been missing year after year, and which he had repeatedly raised, was the comparison of budget versus actuals and adherence to the budget.

He stated that, if the Committee had been monitoring and adhering to the published budget, better budgetary control could have avoided the substantial losses incurred in events and tournaments. He stated that the amount involved was very high and pointed out that the matter required special ratification by the General Body, as certain internal transfers also required a resolution and approval by the General Body.

He then raised another point. He referred to the President's mention that a Bye-law was being proposed regarding contributions for events. He stated that, during the previous year, the Committee had decided to transfer Rs. 150 of members' subscriptions to the general pool and retain the balance in the Club House.

He pointed out that this had not been mentioned in the previous year's Annual Report and stated that the matter also required an amendment and approval by the General Body. He requested that this be noted and dealt with at the appropriate stage, whether at the next SGM, General Body meeting or otherwise, a specific resolution to be brought forward on this particular aspect.

Mr. G.D. Bagri then stated that there was a major write-off of approximately Rs. 1.30 crores and a hanging balance of Rs. 62 lakhs which was required to be dealt with during the current year after carrying out proper reconciliation.

He stated that the write-off also required General Body approval through a resolution and could not merely be included as a line item in the Balance Sheet.

He stated that the reported surplus included capital gains of Rs. 1.9 crores. He stated that this matter had also been discussed and that the amount represented a long-term capital gain and was not operational income.

He stated that this did not become part of the operational income for the year. He stated that, if this amount was excluded from the net surplus, the surplus would end up at only Rs. 1.9 crores.

He stated that he was treating the Rs. 1.3 crore write-off as an exceptional item, which was compensated by Rs. 1.3 crore of interest income that was in addition to the previous year's interest income. He therefore stated that the net operating income had remained close to Rs. 1.37 crores only.

Mr. G.D. Bagri stated that his concern was not the surplus. He pointed out that, two years earlier, the Club had increased the membership subscription as well as the course maintenance fee by 100%.

He further stated that, subsequently, increases of 5% and 5% had also been made every year and that such increases had been made for two years.

He stated that, with more than Rs. 10 crores having now disappeared in the sense that there were expenditures and commitments, the time might not be very far away when the members will be asked to make an additional contribution.

He stated that this could be overcome only by regulating expenditure and setting a target for the surplus to be created during the current year.

He proposed setting a target of Rs. 6 crores as surplus. He stated that he was not making this suggestion without basis and that it could be achieved, provided the Club operated and functioned appropriately, collected sponsorships as had been done earlier, and regulated its expenditure.

He stated that, on examining the details of tournaments and events, there were several areas where a little more control could have resulted in substantial savings.

He stated that he did not wish to go into the specific details as doing so would take considerable time, but observed that there were areas of concern in these two departments, particularly in relation to events.

Mr. G.D. Bagri then referred to another area, namely the bar. He stated that the bar had sales exceeding Rs. 7 crores.

He stated that these sales included an amount of Rs. 97 lakhs representing credit notes received from liquor companies. He stated that the liquor purchase credit notes of Rs. 97 lakhs had been treated as revenue under bar sales and questioned the rationale for such treatment, particularly when payouts and performance measures were linked to revenue.

He clarified that, by payouts, he was referring to the lease payment, under which 2% went out of the said Rs. 97 lakhs. He also referred to a vendor whose payment was made on the basis of turnover.

He stated that, in such circumstances, the Rs. 97 lakhs should have been treated as a reduction in the purchase cost and not as sales revenue.

He stated that this was an incorrect practice which had been introduced and that it had not been the practice approximately five years earlier. He stated that the practice had started in the recent past, although he was not certain from when.

He requested the Committee to look into the matter and ensure that, in the following year, the amount was not treated as revenue but was treated as a set-off against the purchase cost.

In conclusion, Mr. G.D. Bagri reiterated the need for a policy document to avoid frequent changes.

He stated that, during the preceding three to four years, several changes had been made. He referred to a situation two years earlier where an expenses on staff members had been transferred from one department to another and, in the subsequent year, had been taken back to the original department.

He further stated that there was a subsequent situation where the bar manpower cost had been transferred to the general category and was thereafter again brought back to the bar manpower cost.

He stated that, during the current year, certain hoarding income had been transferred to tournaments and events.

He stated that such practices were not healthy. He stated that, according to his knowledge, the Managing Committee was not empowered to make such cross-adjustments and that these need to be notified to the General Body.

He stated that these matters had to find a Note in the Annual Report and that the General Body needed to specifically approve all such items.

He observed that, individually, these matters might appear to be accounting or disclosure matters; however, collectively, they concerned transparency, financial discipline and long-term governance.

Mr. G.D. Bagri concluded by thanking the outgoing Committee and conveying his best wishes to the incoming Committee and all the members present. He thanked the members.

The President thanked Mr. G.D. Bagri and stated that all the points raised had been noted and would be looked into in consultation with him, and that the matters would be taken forward.

The President thanked Mr. G.D. Bagri.

Mr. C.N. Kumar (INDK104) addressed the President and, with his permission, first complimented the Committee for having decided to take the step of writing off the amounts that were not recoverable from members.

He stated that he had raised this issue at several General Body meetings, pointing out that the Club had continued to show these amounts as recoverable without either recovering them or writing them off, and had continued to show them as receivables. He therefore complimented the Committee for taking this first step.

He stated that there was another amount of approximately Rs. 60 lakhs still outstanding.

He further stated, as also pointed out by Mr. G.D. Bagri, that before the accounts were put up for adoption, a resolution should be passed seeking the approval of the members for the write-off. He stated that the Club could not simply write off members' money, as the amount was reflected as money receivable and specific approval should be obtained.

He agreed that the matter could not merely appear as a single line item somewhere in the Balance Sheet. He stated that it should specifically indicate that the amount was not recoverable and was therefore recommended for write-off, or words to that effect.

He then raised a second point regarding the extraordinary income received from the sale or redemption of bonds and similar transactions. He stated that this constituted extraordinary income and should be shown separately after the regular income and expenditure statement. He suggested that the accounts should indicate the regular income and expenditure, followed by the addition of the extraordinary income, and thereafter state the resulting surplus.

Mr. C.N. Kumar stated that, with these two points, he had made all the observations he wished to make and thanked the President.

The President thanked Mr. C.N. Kumar. Regarding the write-offs, the President stated that the Auditors had advised that, once the accounts were passed, the write-off would automatically stand approved. He stated that he would therefore proceed in accordance with the advice of the Auditors.

The President then continued to respond to the matter and stated that there was one further point, adding that he could always consider the same.

Mr. Praveen Kumar Singhvi, INDS257 – He stated that he had a small point which he had just remembered regarding the practice range. He complimented the Committee for having done a great job with the pole, but stated that the mats at the practice range were in very poor condition and that someone needed to look into the matter. He was interrupted by the President.

President said that those were maintenance issues and that it had been five years. He stated that the matter would be looked into by the new Committee.

President said that he would read out the Resolution. He then stated that, at an AGM, there was no requirement for a quorum. He read out the following Resolution:

"It is resolved that an amount of Rs. 1,29,73,629 (Rupees one crore twenty-nine lakhs seventy-three thousand six hundred twenty-nine only) may be written off, which relates to the last six years."

President said that the Proposer was Mr. Ramachandran Vellore. He then asked the members to wait for a moment and stated that they would proceed with the matter.

Mr. C.N. Kumar said that the Resolution should state why the amount was being written off. He stated that it should be described as "unrecoverable dues", as had been mentioned earlier, and that a line to that effect should be added.

President said that the wording would be corrected accordingly.

Mr. G.D. Bagri said that, instead of describing the amount as "unrecoverable", it should be described as "unreconciled". He stated that reconciliation had been carried out and that there had also been some accounting errors. He therefore felt that "unreconciled" would be more specific. He further stated that the amount had been transferred to the members' corpus account and should therefore be treated as a post-reconciliation amount.

He stated that it could not be attributed specifically to anything.

President said that the amount would therefore be referred to as an unreconciled amount.

Mr. G.D. Bagri clarified that the amount was not specific to any members and was only an accounting error. He suggested that, with regard to the past wrong entries, it could be described as relating to "past unreconciled wrong entries".

President said that the Resolution would accordingly be worded as follows:

RESOLVED THAT an amount of Rs.1,29,73,629 (Rupees one crore twenty-nine lakhs seventy-three thousand six hundred twenty-nine only) has accumulated over a period of time primarily due to differences arising from the use of two accounting systems, namely Clubman and Tally, in earlier years, leading to legacy unreconciled entries which are no longer traceable or attributable to specific members and it is hereby authorized to account it as a prior period adjustment in our books of account, and disclose the same as an exceptional item in the Income and Expenditure account for the year ended 31.3.2026

President asked for a Proposer and a Seconder. Mr. G.D. Bagri and Mr. Ramachandran Vellore proposed and seconded the Resolution.

President thanked them.

Mr. Rahul Chatterjee, INDR436 said that, in his view, there were several financial experts present in the meeting. However, based on his limited knowledge, he stated that, under most accounting principles, amounts overdue for more than three years were generally considered as bad debts or written off. He suggested that the matter could be looked at from that perspective and that, in any event, the Resolution could be proceeded with.

President said that the matter was a little more complicated than that in the present case. He explained that an amount of Rs. 1.60 crores had been reconciled, whether relating to members' dues or wrong entries, and that all of this had been dealt with. He stated that the General Body would therefore proceed with the Resolution.

Mr. Rahul Chatterjee said that, since the President had stated that the amount related to a period of more than six years, he felt that if an amount was overdue for more than three years, it would automatically fall into that category. He requested that this aspect be clarified.

President thanked him and stated that the matter would be looked into.

Mr. Harish Kumar Shetty, INDS234 said that these were not dues from members, because if there were any dues from members, the Club would obviously have made every possible effort to recover them from the respective members. He stated that these were certain reconciliation issues between Tally and the legacy application, Clubman, which had been used by the Club.

He requested that, since the amount had already been recorded, the draft wording of the Resolution should be obtained from the Auditors themselves. He stated that the Club had very capable Auditors who could guide the Club in this matter, including both the Statutory Auditors and the Internal Auditors.

President thanked Mr. Harish Kumar Shetty.

President then asked whether the accounts could be taken as passed and whether he could put the Resolution to a vote.

The General Body agreed and passed the Accounts.

President thanked the members.

Mr. Ashok Raghavan, Statutory Auditor – He stated that he had only one point to make. Although the items related to earlier years, he stated that the Resolution proposed by Mr. G.D. Bagri was perfectly in order and that Mr. C.N. Kumar's suggestion was also appropriate. However, he advised that the words "wrong entries" should not be used and that the Resolution should simply refer to "reconciliation". He explained that the moment the words "wrong entries" were used, it would imply that the Balance Sheets of six years earlier were affected.

After discussion and deliberations, the following resolution was proposed and approved by the General Body:
"RESOLVED THAT an amount of Rs.1,29,73,629 (Rupees one crore twenty-nine lakhs seventy-three thousand six hundred twenty-nine only) has accumulated over a period of time primarily due to differences arising from the use of two accounting systems, namely Clubman and Tally, in earlier years, leading to legacy unreconciled entries which are no longer traceable or attributable to specific members and it is hereby authorized to account it as a prior period adjustment in our books of account, and disclose the same as an exceptional item in the Income and Expenditure account for the year ended 31.3.2026."

President said that the unreconciled amounts had been dealt with and stated that he would therefore take the Balance Sheet, Income and Expenditure Statement and Auditors' Report for the period ending 31st March 2026, as adopted.

He thanked the members.

Proposed by: Mr. Harish Kumar Shetty, INDS234
Seconded by: Mr. C.N. Kumar, INDK104

4. To appoint an Auditor to hold office for the ensuing year with their remuneration:

The Managing Committee recommended the appointment of M/s. N.C.S. Raghavan and Company, Chartered Accountants, FRN 0073355, as the Statutory Auditors for the financial year 2026–2027, at a remuneration of Rs. 4.00 lakhs (Rupees Four Lakhs only), being the same remuneration as approved for the previous year, with no increase. The Managing Committee requested the approval of the General Body.

The General Body approved the appointment of M/s. N.C.S. Raghavan and Company as Statutory Auditors for the financial year 2026–2027 at a remuneration of Rs. 4.00 lakhs (Rupees Four Lakhs only), by a show of hands.

Proposed by: Mr. K. Chandraprakash, INDC007
Seconded by: Mr. Harish Kumar Shetty, INDS234

5. Other Resolutions, if any –

President said the next point of the agenda is to discuss the following resolutions.

Members resolutions.

We have received the following resolutions proposed by members:

(A) Resolution proposed by Mr. C.N. Kumar, INDK104.

Resolution:

The incoming Managing Committee shall, within a period of 12 weeks of assuming office, publish, circulate, and complete the implementation of the recommendations of the Scrutiny Committee constituted to review the profile of existing Corporate Associates under Categories I and II and their Nominees in terms of the Rules of the Association.

Explanatory Note:

As decided by the General Body, the Managing Committee at its meeting held on 21st March 2025 resolved to constitute a three- person Scrutiny Committee comprising Permanent Members to review the profile of existing Corporate Associates under Categories I and II and their Nominees in terms of the Rules of the

Association. Accordingly, a three-person Scrutiny Committee was constituted with detailed terms of reference.

The Scrutiny Committee has submitted 10 interim reports and its final recommendations to the Managing Committee.

However, the Managing Committee has not published the report nor communicated the action taken on the recommendations.

This resolution is proposed to ensure that the report is published and recommendations are implemented by the incoming Managing Committee in a time-bound manner.

Remarks of the Committee:

The Managing Committee is of the opinion that this resolution is not required, as appropriate action has already been initiated based on the findings of the Scrutiny Committee. This includes calling upon nominees to furnish missing information and documents, reviewing cases individually, and taking corrective measures, including deactivation of nominations, wherever necessary, on a case-by-case basis.

President said that the remarks of the Committee were already there and asked whether the member would like to discuss.

Mr. C.N. Kumar, INDK104 said that he had proposed the Resolution.
He then gave the background to the Resolution. He stated that, in February 2025, the General Body had constituted a Committee to look into the correctness of the Corporate Nominees who had been admitted to use the facilities of the Club. In that process, the then Managing Committee had appointed three persons, including himself, as members of the Committee, namely, Mr. C.N. Kumar, Mr. Shankar S. Poti and Mr. Ramchandran Vellore.

He stated that the Club's rules required that any person who was a Corporate Nominee must, first of all, be a full-time employee or a full-time Director of the company. He further stated that all companies made a declaration while nominating a person that such person was either a full-time employee or a full-time Director.

He stated that this task had been assigned to the Committee in April 2025 and that, by June 2025, the Committee had submitted its final report. In the interim period between April and June, the Committee had submitted ten interim reports to the Managing Committee.

He explained that, to begin the process, the Committee had asked all the companies or corporates to submit certain details regarding each nominee nominated by them. There were approximately 352 nominees from various companies. Of these, nominee information had been submitted by only 186 companies, while 166 companies had not submitted the required nominee information.

He stated that, out of the information received in respect of the 186 nominees, the Committee had screened the same and had cleared 123 persons as having met the requirement of either being a full-time employee or a full-time Director.

He stated that he did not want an impression to go out that the Committee was against Corporate Nominees. He clarified that the Committee was not against Corporate Nominees and that Corporate Nominees had a right to use the Club in accordance with the rules. However, the Committee did not want Corporate Nominees who were ineligible to use the Club.

He stated that what he had proposed was, first, that the reports of the Committee should be made available to the members and, within a period of approximately 12 weeks or so, the reports should be implemented and the list of Corporate Nominees who were eligible should be circulated. He stated that this was the gist of his Resolution.

He further stated that he wished to add that the most valuable asset of the Club today, as far as playing members were concerned, was the slots. He stated that slots were the most valuable and sought-after assets for members who came to play golf.

He stated that the ineligible nominees were occupying those slots and thereby depriving other eligible members of the opportunity to play at the Club. He therefore stated that the matter had to be taken seriously.

He stated that he was willing to modify the Resolution with regard to the time period or any other aspect required for implementation. However, he stated that the matter had to be monitored and implemented in such a manner that there was no further doubt as to who was eligible and who was not eligible.

He further stated that, as recently as four days earlier, the Committee had met the President and the Secretary and had pointed out two specific cases where the persons were ineligible to be nominees. He expressed his appreciation that the President and the Secretary had immediately agreed to send letters in those cases.

He stated that there were several such cases and that the matter required considerable detailed effort. He stated that this was the reason why he had proposed the Resolution. He thanked the members.

President thanked Mr. C.N. Kumar.

Mr. K. Chandraprakash, INDC007 said that, as Mr. C.N. Kumar had stated, most members were not against the corporate sector. He stated that the members welcomed corporates and that they had been good members.

He stated that what Mr. C.N. Kumar was proposing was to weed out the good from the bad. He referred to approximately 130 to 140 Corporate Nominees who had not responded to the questions raised and questioned whether this amounted to showing respect or disrespect to the institution.

He stated that the members of the institution had to exercise their rights and that, irrespective of the size of the corporate, the corporate had to follow the rules of the the rules of the institution.

He pointed out that the Club was very strict with its members. If members fell into arrears, notices were issued to them and, when they entered the Club, Income Tax Returns were insisted upon.

He further referred to another category of members, namely Service Members. He stated that, when Service Members were admitted through a service certificate from DPAR, or the concerned department to determine as to whether the candidate was eligible or not eligible.

He questioned why the rules were being relaxed in the case of corporates. He stated that the rules should be followed and referred specifically to Form-16, stating that adherence to Form-16 was an important aspect of a corporate becoming a member of the institution.

He stated that he had been informed that, instead of Form-16, letters from corporates were being accepted. He stated that such a letter had no value when Form-16 was stipulated as the requirement and requested that the prescribed requirement of Form-16 be followed.

He requested the Managing Committee to be strict in this regard. He also stated that all members were aware that KGA was a partnership with the Government of Karnataka and that, if the Club did not follow these rules, it could become a point against the Club in relation to taking over the management.

He questioned why the Club should allow such a situation to arise and requested that the rules be followed. He stated that the members respected the corporates and would continue to respect corporates who adhered to the Club's rules, but those who did not respect the Club's rules should be weeded out. He thanked the members.

President thanked Mr. K. Chandraprakash.

Mr. V. Venkat Subramaniam, INDV089 said that he was fully in favour of implementing a strong mechanism to scrutinize the applications of nominees under Corporate Membership.

He stated that Permanent Members of all categories, including Permanent Associates and Permanent Members, were subjected to intense scrutiny of their applications and eligibility criteria, whereas corporates appeared to be coming in through the back door.

He stated that he had heard of several instances where corporates had taken membership and subsequently sub-let their membership or nominees to others in return for a small consideration, although such consideration could not be quantified publicly or supported by facts.

He stated that there was sufficient discussion about this matter in the corridors and that this was precisely the loophole that needed to be addressed.

He stated that the Club already had sufficient mechanisms in place, including Form-16 and other documentation, which merely needed to be followed and compliance ensured.

He stated that, by following these requirements, the Club could weed out all unnecessary and unsuitable cases. He thanked the members.

President thanked Mr. Venkat Subramaniam.

Mr. K. Chandraprakash said that he had forgotten to mention one point. He referred to the Scrutiny Committee appointed earlier, comprising Mr. C.N. Kumar, Mr. Shankar Poti and Mr. Ramchandran Vellore, and requested that the Committee be continued, as its members had spent long hours on the matter and had reached a stage where they were close to completing their task.

He requested the General Body and the Managing Committee to continue the said Committee so that it could complete the work and report back to the General Body. He thanked the members.

President thanked Mr. K. Chandraprakash and stated that, as he had already mentioned, discussions had been held with the members and that the Club had already started the process of issuing letters to the concerned persons.

He stated that the process had commenced and that the report had been circulated, as had already been informed to the members. He stated that the recommendations would be taken forward in consultation with the three members of the Scrutiny Committee and that the necessary changes would be made.

Mr. C.N. Kumar said that he wished to add to what Mr. Chandraprakash had stated. He stated that the three members, namely himself, Mr. Ramachandran Vellore and Mr. Shankar Poti, would, if approved by the General Body, continue to assist the Committee in monitoring and implementing the report, provided that the Managing Committee did not add another layer by appointing a separate internal committee.

He stated that, if there was a difference between what the three members stated and what the Managing Committee considered appropriate, the matter should be discussed and debated.

He therefore stated that, on that condition, he was willing to accept the responsibility on behalf of the other Committee members, provided the General Body approved their continuing appointment at the meeting. He requested the President to put the matter to a vote.

President said that he suggested that the three members should assist the Managing Committee in the matter. He stated that his only concern was that there were several other aspects involved and that, as the Head of the institution, he had to consider the legal aspects as well.

He stated that one positive development arising from the report was that, since the report had been received, every new application or re-application of an old application had been scrutinized and the proper documentation had been submitted.

He stated that the Club was now addressing the old issues concerning existing Corporate Members and was attempting to obtain further information from them, and that the entire process had commenced.

He stated that much of what Mr. C.N. Kumar had mentioned had already been undertaken. He acknowledged that there was still considerable work to be done and stated that it would be done.

He requested the three members to continue to be part of the process, go through the matter and thereafter decide whether the information should be publicized or dealt with otherwise.

He stated that the matter should not be made the subject of a Resolution at this stage. He reiterated that the process had already commenced and that, as he had informed Mr. C.N. Kumar, scrutiny of membership applications had begun and was progressing well.

He stated that the remaining issues related to old cases and that these would be sorted out with the three members.

Mr. C.N. Kumar said that, since he had proposed the Resolution, he was willing to amend it to the extent that the report need not necessarily be circulated to the General Body. However, he stated that the other part of the Resolution should be put to a vote.

He referred to Mr. Chandraprakash's proposal that the existing Scrutiny Committee should continue and stated that this also needed to be put to a vote.

President said that the other part of the Resolution had also already been complied with.

Mr. C.N. Kumar said that the other part of the Resolution had not been complied with and stated that there were many cases of persons who had been pointed out by the Committee, although he did not wish to take their names.

President said that the process had started.

Mr. C.N. Kumar said that somebody had to monitor the process and somebody had to implement it. He stated that the three members had gone through the entire matter and had the necessary expertise.

He stated that, if the General Body agreed, they were willing to continue. He reiterated that the matter had to be cleaned up, as Mr. Venkat Subramaniam had also stated.

He requested the President to put his Resolution to a vote. He stated that he was willing to amend the Resolution to the extent that the report need not be circulated, but that the implementation should proceed with the amendment proposed by Mr. K. Chandraprakash.

He requested that the matter be put to a vote and that the General Body be allowed to decide.

President said that his question was whether the three members would be available to sit with the Committee in the following year and go through the process which had already commenced, and suggested that they proceed with that process.

Mr. Praveen Kumar Singhvi said that the process had already been started and that the Club should be given a reasonable period to go through it. He stated that the President could, at any time, consult the senior members and proceed accordingly.

He stated that, as the process had already commenced and he had heard about it, the incoming Committee should be given an opportunity to continue the same process.

President agreed.

Mr. G.D. Bagri, INDB097 said that, with regard to the modification of the Resolution suggested by Mr. C.N. Kumar, he wished to suggest one further modification.

He suggested that the existing Scrutiny Committee, along with the incoming Committee, should sit together and review each case based on the Committee's last report, rather than circulating the report in its existing form.

He suggested that whatever could be cleared should first be cleared and that the final outcome thereafter should be placed before the General Body.

President agreed that the suggestion was appropriate.

Mr. G.D. Bagri said that, in the weeding-out process, whatever action was required had to be completed. He stated that he had been to the Scrutiny Committee and had also chaired one round of the process in the previous year and was therefore aware of the complications involved.

He suggested that the existing Committee should study the entire matter, brief the new Committee and thereafter bring the matter to closure. He stated that the net report should be released to the General Body.

President said that he considered it a good idea. He suggested that the members should sit with the incoming Committee and go through the individual cases, examining the positive and negative aspects, after which a decision could be taken.

He confirmed that this would be done.

Mr. G.D. Bagri made one further suggestion. He stated that the Secretary's office was supposed to be the busiest office and suggested that one of the Committee members should be nominated to look after membership relations and coordinate with the process.

He clarified that this was only a suggestion and that it was left to the Managing Committee to decide how the matter should be handled.

President agreed and stated that the suggestion was a good one and would be implemented.

Mr. C.N. Kumar said that he wished to make one point. He stated that a decision of a General Body meeting was made by a Resolution and that it was therefore necessary to be clear about what had been decided.

He stated that he was amending his Resolution to say that the report need not be circulated.

He stated that the second part of his proposal was that the weeding-out process should take place within 12 weeks. He added that, if the President wanted him to modify the period to 16 weeks, 20 weeks or any other period, he was willing to do so.

He stated that the third matter was whether the Committee comprising himself, Mr. Vellore and Mr. Shankar Poti would continue, and questioned what the monitoring mechanism would otherwise be.

President said that, as suggested by Mr. Bagri, the process would begin with the three members sitting with the new Committee.

He stated that the members would go through each point and each case with the new Committee and begin the process accordingly. He reiterated that the process had already commenced.

He stated that the three members would be provided with all the information relating to the previous six months and could go through the same and thereafter take the matter forward.

Mr. C.N. Kumar said that what he was seeking was that the presence of the three members in that forum with the Managing Committee should be legitimized by recording that this was the agreed arrangement.

President said that it was his commitment and confirmed that the arrangement would continue with the three members, as they had started the process.

Mr. C.N. Kumar asked whether this meant that the three members would continue to support the process.

President confirmed that they would.

Mr. C.N. Kumar thanked the President.

Mr. Cyrus Unvalla, INDU013 asked the President whether he could make a submission.

President permitted him to speak.

Mr. Cyrus Unvalla stated that there were barely 60 people present in the hall at that time and that, in his view, resolutions should not be put to a vote with only 60 members present.

He stated that it was his suggestion and that he did not consider it fair to pass an important Resolution with only 60 members present in the hall.

President stated that no such Resolution was being put to vote and that what had been stated was that the Scrutiny Committee would sit with the new Committee and go through the entire matter.

He thanked the members.

Mr. Cyrus Unvalla thanked the President.

Mr. Harish Kumar Shetty, INDS234 said that, when the Committee had been appointed and given a mandate to review the entire Corporate Associateship of the Club, the Committee had completed its task.

He stated that he was, in fact, quite concerned about the status of some of the Corporate Nominees and that the Committee had done a comprehensive job and submitted a report to the Managing Committee.

He stated that, once a Committee appointed by the General Body submitted a report, it was the responsibility of the Managing Committee to take the necessary action to implement the recommendations and report back.

He stated that the same Committee that had submitted the report could not also be responsible for monitoring its implementation, as its task ended with submission of the report.

He acknowledged that the Committee had done an elaborate job and had spent considerable time at the Club going through every possible detail, and that the report had been submitted.

He stated that, if the Managing Committee did not act upon the report, it would be a lapse on the part of the Managing Committee rather than a matter for which the members of the Scrutiny Committee should be held accountable.

He stated that the Managing Committee was not accountable to the Scrutiny Committee.

President said that this was absolutely not the case. He stated that, once the Scrutiny Report was received, the Managing Committee has to go through a process.

He stated that this was where the Club was unfortunately caught, as the matters involved old cases and not the newer cases.

He stated that, with regard to newer cases, one positive outcome of the scrutiny report was that, from the previous year onwards, every person whose membership had lapsed and subsequently returned was being scrutinized.

He stated that, for the last three years, scrutiny had been taking place and that the Club would be more than happy to share the information with the three members.
He explained that the present situation involved a combination of old cases, existing memberships, legal advice and related matters.

He therefore suggested that the three members sit with the Managing Committee, go through the legal advice and examine the complications that might arise from the process.

He stated that, where appropriate, the members could be given an opportunity to assist in the process.

He further stated that letters had already been sent requesting the concerned corporates to furnish the required details and, failing that, to appoint a new person as their Corporate Nominee. He stated that this process had already been undertaken.

Mr. Harish Kumar Shetty said that the concern of the Scrutiny Committee arose from the amount of work and effort that its members had put in and the details they had produced, which were expected to be acted upon by the Managing Committee.

He stated that, if the Managing Committee was taking all the necessary action and, where appropriate, keeping the Scrutiny Committee informed and seeking its support, there was no need to pass another Resolution appointing another Committee to continue the work.

President clarified that it was not a matter of appointing another Committee. He stated that the existing Committee would sit with the incoming team and that all the members would go through the work already undertaken by them, after which the incoming team could take the matter forward.

Mr. C.N. Kumar said that he wished to add one point to what had been stated regarding there being only 60 members present.

He stated that the Club's rules did not prescribe any number as a quorum for the present stage of the meeting and that the quorum was relevant only at the beginning of the meeting, as far as he understood.

He therefore stated that it was incorrect to say that a Resolution could not be passed merely because only 60 members were present.

However, he stated that something unambiguous needed to be recorded regarding the way forward. He referred to the President's statement that the incoming Committee would sit with the three members and go through the matter.

President confirmed that the incoming Committee would sit with the three members, go through everything on a case-by-case basis and take the matter forward.

Mr. C.N. Kumar said that, since the position had now been clarified, the President would have to withdraw the Resolution.

President said that the matter would not be put to a vote and reiterated that the commitment had been given that the three members would sit with the new team and take the matter forward.

Mr. C.N. Kumar stated that the agreed arrangement should itself be made the Resolution and passed. He stated that it had to be recorded as passed and that he was not withdrawing his Resolution.

President asked whether Mr. C.N. Kumar would amend the Resolution accordingly.

Mr. C.N. Kumar said that he did not wish to formulate the amended Resolution on the floor of the House, but stated that, broadly, the members had agreed that the report need not be published at that stage.

He further stated that the incoming Committee would examine the recommendations made by the existing Scrutiny Committee and would work with the three members to ensure that a case-by-case examination was carried out.

He stated that this was what had been agreed and that he did not wish to formulate the Resolution on the floor of the House. He stated that he would provide the amended wording to the President.

Mr. K. Chandraprakash, INDC007 said that the three-member Scrutiny Committee would act as friends of the Managing Committee and would assist it. He stated that any modifications and names would not be disclosed, but the matters could be discussed between the Committee members and the Managing Committee.

President thanked Mr. K. Chandraprakash.

Mr. C.P. Rangachar, INDR065 asked whether he could ask one question. He sought clarification as to whether his Resolution would be taken up, and requested a clear "Yes" or "No", as a question had been raised regarding the absence of a quorum.

President stated that Mr. C.N. Kumar had already clarified the position and that, as per the Rules, the Resolution would be taken up.

Mr. C.P. Rangachar again asked whether the Resolution would be taken up and requested a clear "Yes" or "No".

President confirmed that it would be taken up and stated that, as Mr. C.P. Rangachar was referring to his Resolution, it would come up for consideration.

Mr. Sathya Prasad, INDP184 asked the President one small question. He sought clarification as to whether, in the event of there being defaulters in the Corporate Membership or related matters, the Club would refund the money on a pro-rata basis.

He stated that, considering the legal aspects and the circumstances under which the Corporate Membership had originally been admitted, he wanted to know whether, if a corporate was found to be a defaulter, the Club would refund a portion of the money or initiate legal proceedings.

He requested that this aspect also be addressed and stated that Mr. C.N. Kumar and the other members involved would take care of the matter. He thanked the President.

President said that this was precisely why he had stated that the three members would go through everything.

Mr. Harish Kumar Shetty said that he could add some clarification on the matter. He stated that there could be a nominee who could be considered a defaulter, but that the Corporate Nominee himself was not the defaulter; rather, it was the corporate that could be a defaulter.

He stated that, if a corporate was a defaulter, its membership would be terminated and that there would be no refund.

President said that the matter was settled.

President said next is the Resolution proposed by Mr. Ramchandran Vellore:

(B) Resolution proposed by Mr. Ramachandran Vellore, INDR457

Resolved that the following Bye-Law be amended as per Rule 21.6.6

Existing -

24.2.4 - Project Sub Committee

A Project Sub Committee consisting of Members who are qualified domain experts shall be formed by the Managing Committee to execute the timely and proper execution of **projects that extend beyond the committee's term**. The Office bearers and the chairman concerned will be Ex-Officio Members of the project sub-committee. The initial term of the Project Sub Committee shall be for a period of three years. Thereafter, each year two Members of the Sub Committee will retire by rotation, and the Managing Committee in office shall nominate other members in their place.

Amended –

24.2.4 - Project Sub Committee

A Project Sub Committee consisting of Members who are qualified domain experts shall be formed by the Managing Committee to execute timely and proper execution **of all projects above 25 Lacs.** The Office bearers and the chairman concerned will be Ex- Officio Members of the Project Sub Committee. The initial term of the Project Sub Committee shall be for a period of three years. Thereafter, each year two Members of the Sub Committee will retire by rotation, and the Managing Committee in office shall nominate other members in their place.

Explanatory Note:

The existing bye law provides for the constitution of a Project Sub-Committee only in respect of projects whose execution extends beyond the term of the Committee. Experience has shown that the need for continuity, oversight, accountability, a consistent framework, and effective monitoring for all projects, irrespective of their duration or whether they extend beyond the tenure of a particular committee.

Moreover, the involvement of qualified domain experts will facilitate informed decision-making and promote the sharing of knowledge across projects.

It is therefore proposed to amend the existing bye law to cover all projects.

Remarks of the Committee:

The Managing Committee thinks that the existing Bye-laws already provide adequate provisions for the involvement of the Project Committee in projects spanning across Committee years. Accordingly, no further amendment is considered necessary.

Mr. Ramachandra Vellore, INDR457 – He said that he would be very brief as there were a couple of more resolutions to be taken. He stated that the Project Sub Committee was recommended in the S&P Report and had existed. Last year, for reasons best known to the then President, it was amended to state that all projects falling within the Committee Year would not be handled by the Project Sub Committee. He stated that, in essence, his proposal was to revert to the earlier position that all projects exceeding Rs. 25 lakhs should be handled by the Project Sub Committee, with the assistance of the concerned Managing Committee member.

President said that, as he had mentioned to Mr. Vellore, his views were totally opposed to the proposal. He stated that the Managing Committee members were elected and, once elected, they had committed their time, as well as the time of the Sub Committee, to the institution. He stated that the Club already had a Projects Committee and that it was the duty of the elected members to initiate projects that could be completed within their term. He stated that there was already a Projects Committee to deal with matters extending beyond the Committee Year, which was fair enough. He further stated that the proposal would effectively take away every project from a Managing Committee member. He added that, as much as that was Mr. Vellore's opinion, he did not agree with it. He stated that the institution had been established more than 50 years ago and had done well, and that such an arrangement was not necessary.

Mr. Ramachandran Vellore said that, as he had told the President, he had only gone back to what the S&P Report had recommended and what had been unanimously accepted by the General Body. He requested the President to listen to him and stated that the Project Sub Committee was intended to help the Managing Committee complete projects within its term. He clarified that the Sub Committee was there to assist and was not intended to provide a counter view.

President said that the Managing Committee had been elected to help and that the Committee was honestly there to help the institution.

Mr. Ramachandran Vellore said that the matter should be put to a vote.

Mr. Praveen Kumar Singhvi, INDS257 – He said that he had a small point and that there should be confidence in the incoming Committee. He stated that, in his view, it would be poor judgment not to have such confidence and that the incoming Committee should be allowed to decide. He stated that the members had elected the incoming Committee and should leave the matter to them. He further stated that it was a small matter for the Committee to deal with and that every Committee, when elected, would have its own plans. He said that these should be respected and that the incoming Committee should be allowed to take its own decisions, whether right or wrong, as the case may be. He concluded by stating that this was his suggestion.

President said that, considering the mood of the House, he appealed to Mr. Vellore. He stated that he had spoken to him the previous day and requested him to consider the other resolution as well, stating that there was already a Standing Committee. He requested that the matter be left at that.

Mr. Ramachandran Vellore said that, personally, he had no issue and that he had only placed the matter before the General Body. He stated that they could not have a private discussion and decide what was to be done, as the matter had to be decided by the General Body.

President said that there was a Projects Committee. He stated that there were many more things happening that year and that the New Club House would be coming up. He reiterated that many more projects were coming up and that the Projects Committee was already in place. He stated that, as per the rules, the Project Sub Committee would be changed. He requested that the incoming Committee be allowed to do its job, as its members had been elected and were there to serve, and that the Sub Committee was already in place.

Mr. Ramachandran Vellore said that all he was saying was that the Managing Committee members were general members.

President said that the question was whether everybody was an elected or nominated member and asked where that argument was coming from.

Mr. Ramachandran Vellore said that he requested the President to listen to him. He stated that the Project Sub Committee consisted of people with experience in various fields and that they would help the Managing Committee.

President said that he did not agree and again requested Mr. Vellore to move forward, as there was another resolution to be taken up.

Mr. K. Chandraprakash,(INDC007) He said that, regarding the Project Implementation Committee or Project Sub Committee referred to by Mr. Vellore, it could be made an advisory body to the Managing Committee, as the Managing Committee members were the elected representatives and had the trust of the General Body. He stated that the Managing Committee should be allowed to take the decision and that advice need not necessarily be accepted in every instance. He suggested that a compromise be reached so that the meeting could move forward without getting stuck on the matter.

Mr. V.R. Iyer, (INDI026) He said that, first and foremost, there must be confidence in the people entrusted with the affairs of the Club. He stated that, since the Managing Committee members were elected, not everyone could be expected to be an expert in every field. He stated that, otherwise, one could similarly argue that, since the finances of the Club were somewhat in the doldrums, a Finance Committee should be constituted over the Managing Committee to supervise it. He stated that the only situation in which the Project Sub Committee should take up a project was when it was a large project extending over several years. Otherwise, the elected members were capable of executing the projects within their year and were spending considerable time working for the Club. He requested that their competence be accepted and not questioned.

Members applauded Mr. V.R. Iyer.

President said thank you, sir.

Mr. Ramachandran Vellore said that, rather than taking the matter further, if that was the general decision of the General Body, he had no issue with it.

President said thank you.

The next resolution was taken up for discussion :

Existing:

24.5 - The Hon. Secretary:

Para 2: He/ She shall be responsible for scrutinizing the eligibility of all applicants for Membership / Associateship, in all respects, and decide their acceptance or rejection before Registration. **He / She may appoint a scrutiny cell among members of the Committee to assist Him / Her in this regard.** His / Her report shall form part of the Agenda in all Managing Committee meetings.

Amended:

24.5 - The Hon. Secretary:

Para 2: He / She shall be responsible to scrutinize the eligibility of all applicants for Membership/Associateship, in all respects, and decide their acceptance or rejection before Registration. **He /She shall constitute a scrutiny cell of 3 Permanent Members other than Committee Members to assist Him / Her in this regard; The Scrutiny Committee Members shall be members for 5 years or more.** His / Her report shall form part of the Agenda in all Managing Committee meetings.

Explanatory Note:

A potential conflict of interest arises when members of the Scrutiny Committee participate in the Managing Committee's deliberations on recommendations that they themselves have made. Constituting an independent Scrutiny Committee would eliminate this potential conflict and enhance the objectivity, transparency, and credibility of the decision-making process.

Mr. Ramachandran Vellore, INDR457 – He said that this was one more resolution concerning the Scrutiny Committee. He stated that, at present, the Secretary had to select members from the Managing Committee. He proposed that, since the work involved considerable time, the Secretary should be given the option to select someone other than a Managing Committee member as well. He stated that this was exactly what he had mentioned in the resolution.

President said that the proposal was absolutely valid.

Mr. Harish Kumar Shetty, INDS234 – He asked whether this was the next resolution proposed by Mr. Vellore, i.e., Resolution 24.5.

Mr. Ramachandran Vellore said yes, sir.

Mr. Harish Kumar Shetty said that he found a tendency to supervise the functioning of the Managing Committee through various Sub Committees or other Committees that were proposed to be appointed, which, in his view, was not fair. He stated that, when a Managing Committee was elected, if there was no trust in any particular person, that person should not be elected. However, once the members were elected, they should be trusted, entrusted with the responsibility, held accountable, and questioned if they were found to be in default.

He stated that appointing an independent Sub Committee, other than the Managing Committee, to scrutinise applications was effectively conveying that there was no faith in the Managing Committee and that it was being suspected of manipulating applicants' applications. He stated that this was unacceptable. He added that any Sub Committee appointed within the Managing Committee was most welcome and could be constituted as required. However, an independent Sub Committee of members would amount to imposing another authority over the Managing Committee, which, in his view, was not correct.

Mr. Ramachandran Vellore said that Mr. Harish Kumar Shetty had misunderstood the entire proposal. He clarified that all he had proposed was to give flexibility to the Secretary to select any three members to assist him/her. He stated that, under the Bye-laws and Rules, the members had to be selected from the Managing Committee. He reiterated that he was only proposing that the Secretary be given the flexibility to select anyone. He stated that the manner of selection could be decided by the President.

President said that, as much as he strongly believed, the Managing Committee had been elected to perform its responsibilities and that he believed he had done so. He stated that the practice of nominating people had started only in the past five years and that they had not nominated anybody, as they had been elected to serve.

Mr. Ramachandran Vellore said that the President could not nominate anybody because the existing rule required the members to be selected from the Managing Committee. He reiterated that he was only proposing flexibility to the Secretary.

President said that, so far, members from the Managing Committee had been nominated to perform this responsibility.

Mr. Ramachandran Vellore said that this was correct.

Mr. Ramachandran Vellore said that he was not proposing three additional members and that he was only proposing flexibility in the selection.

President said that he did not see any issue with the proposal as long as an elected representative was part of the Committee. He then proposed to put the resolution to a vote.

President asked the members to vote first **against** and then **for** the resolution by a show of hands. The majority of the members voted **against** the resolution.

The President thanked the members. Accordingly, the **resolution was defeated**.

The above proposed Resolution by Mr. Ramachadran Vellore is defeated.

President said the next resolution is by Mr. C. P. Rangachar.

C. Resolution proposed by Mr. C P Rangachar, INDR065, Mr. K. Raghunandan, INDR224 and Mr. Vimal Narayan, INDN046.

Resolution:

IT IS HEREBY RESOLVED THAT:

1. Karnataka Golf Association shall maintain complete transparency with its Members regarding the utilization of golfing facilities.
2. The Club shall publish on its official website, on a daily basis, the list of Members and other eligible golfers who have played on the golf course each day.
3. Such information shall be made available in a timely manner and shall remain accessible to Members for a reasonable period for reference and review.
4. The Management Committee shall take necessary steps to implement this resolution and establish a suitable system for regular publication of the aforesaid data on the Club's website.

RESOLVED FURTHER THAT this measure is intended to enhance transparency, accountability, and effective communication between the Club and its Members.

Explanatory Note:

WHEREAS transparency in the functioning of the Club is essential to maintain the confidence and trust of its Members;

AND WHEREAS, Members have on several occasions requested information regarding the daily List of golfers utilizing the golf course, but such information has not been made available;

AND WHEREAS, access to such data would promote openness, accountability, and informed participation by the Membership.

Remarks of the Committee:

The Managing Committee is of the view that it may not be practical to publish this information on a daily basis. In any case, the booking details are available on the KGA Golf App to all members.

President said that the floor is open for discussion.

Mr. C. N. Kumar, INDK104 – He said that, with the President's permission, he wanted to bring to his attention that when they arrived at 4:45 p.m., they did not get any coffee or tea and were asked to come into the meeting room. He suggested that the counters should be opened so that people who had come after 4:45 p.m. could get some coffee and dosas, or whatever was available.

President said that he apologised.

Mr. C. P. Rangachar, INDR065 – He said that there had been a lot of talk about transparency by various people before him, and that his resolution was in line with that. He stated that the club had just launched a new ERP system. He therefore suggested that the list of members who played every day be added to the ERP so that it would be visible to everybody. He added that unless there was something to hide, he did not see why this could not be done.

President said that, as he had said, for every person who did not get a tee time, it was always considered that there was something to hide. He apologised, but stated that the resolution had been read and that they were looking at its practicality. He suggested to Mr. Rangachar that the new ERP was coming in and that a lot of changes were being made to ensure that everything was published immediately. He requested him to sit with the ERP team, as publishing the information every day, particularly, might not be practical. He clarified that it might be published and that he was not saying otherwise. However, he stated that, again in August, they would be coming for an SGM, and suggested that Mr. Rangachar sit with the new ERP team. He stated that he would also be there. He suggested that they sit with the new ERP team and arrive at a solution whereby the information could be published regularly. He further stated that they would come back once they knew how the system worked, as most of the information was being published now. He added that the question was when and how the information would be published every day, as it kept changing. He therefore suggested that Mr. Rangachar sit with the ERP team, stating that they were open to the suggestion, and then come back with a resolution.

Mr. C.P. Rangachar said that he was fine and that he was not insisting that it be done.

President said that it was well noted.

Mr. C.P. Rangachar said that the same should be implemented in whatever way was practical.

President said that it was well noted and that they would sit with him and then proceed. He thanked him.

Mr. C.P. Rangachar said that he was fine.

Mr. K. Chandraprakash, INDC007 – He said that he had great respect for Mr. Rangachar. He stated that there was nothing to hide, as he himself came at 3:30 a.m. or 4:00 a.m. in the morning to put his name down for the following week. He said that he then saw many of his friends who were coming there, and that they followed the procedure given by the tournament and completed it. He stated that the system was going well and that if somebody wanted a slot, they had to put in their effort.

He thanked the President.

President said thank you, sir.

D. Resolution proposed by Mr. G D Bagri, INDB097

President said the last Resolution proposed by Mr. G.D. Bagri, sir.

Resolution #1 - Inviting Objections from Members to the interview of Members/ Associates / Corporate Associates(Rule 13.2):

Resolution #1A – Publication of Applicant's Information:

Resolved that: As a matter of abundant caution and to ensure compliance with applicable data protection requirements, all applicants shall provide a written declaration consenting to publish and circulate their information in the format traditionally followed by KGA.

Explanatory Note:

The detailed Interview List is displayed on the Notice Board, while a condensed version is digitally circulated to Members. The Notice Board information is accessible not only to Members/ Associates but also to employees, contractors, service providers, guests, and visitors.

Remarks of the Committee:

The MC is of the view that this proposal may be in breach of legal stipulations relating to the public disclosure of privileged information. Furthermore, as this constitutes a Rule Change, it cannot be considered as part of an AGM resolution.

Resolution #1B – Recommendation/s after publication of Interview List

Resolved that: Any recommendation or solicitation made on behalf of an applicant after publication of the Interview List shall be treated as an adverse factor while considering the application.

Explanatory Note:

After publication of the Interview List and invitation of objections from Members, favourable recommendation campaigns are sometimes initiated on behalf of applicants. Such actions may be perceived as attempts to influence the decision-making process.

Remarks of the Committee:

The MC does not consider it appropriate to prohibit such recommendations, as even objections that may appear frivolous should be considered in their proper context. However, the MC will not take into account any unsubstantiated recommendations, objections, or solicitations when considering an application.

Furthermore, as this constitutes a Rule Change, it cannot be considered as part of an AGM resolution.

Resolution #1C – Withdrawal of Applications after Publication of Interview List:

Resolved that: No application for Membership/ Associateship shall be withdrawn once the applicant's name has been published in the Interview List.

The Managing Committee shall dispose of all such waitlisted applications within 30 days in accordance with these directions.

Explanatory Note:

The Rules provide for the publication of names and the invitation of objections from Members. Permitting withdrawal of an application after publication may nullify the purpose of the objection process and create precedents that may lead to future disputes.

Remarks of the Committee:

The Managing Committee is of the view that the right of an applicant to withdraw an application for Club membership should be available to any applicant at any point of time. Such a right cannot be curtailed. Therefore, this resolution is not necessary.

Furthermore, as this constitutes a Rule Change, it cannot be considered as part of an AGM resolution.

Resolution #2 – Corporate Associate Nominees and their Life Member/ Permanent Associate Application:

Resolved that: Where the eligibility or status or declarations or continued compliance of a Corporate Associate or its nominee are disputed or under scrutiny or prima facie inconsistent with KGA Rules, no application for the Nominee or his/ her spouse for Membership/ Associateship shall be processed until all related issues have been conclusively resolved.

The Managing Committee shall dispose of all such waitlisted applications within 30 days in accordance with these directions.

Explanatory Note:

Questions have arisen regarding the eligibility of an application by CA Nominees and by their spouse for Life Membership/ Permanent Associateship, particularly where the CA or its nominee is under scrutiny or subject to restrictions.

Remarks of the Committee:

The Managing Committee is of the opinion that this resolution is not required, as there are adequate checks and balances for the MC to take the right decisions in this regard.

Furthermore, as this constitutes a Rule Change, it cannot be considered as part of an AGM resolution.

Resolution #3 – Eligibility of Corporate Associate Nominees (Rule 12.12 & Sub-rule 12.12.7)

Resolved that:

i) **Every Corporate Associate nominee shall continuously satisfy all eligibility requirements prescribed under the Rule;**
ii) **Any change of nominee shall be notified to Members in the same manner as other applicants (Rule 13.2) to enable Members to submit objections, if any;**
iii) **Every nominee shall be interviewed and elected by the Managing Committee and not merely approved by the Office Bearers;**
iv) **Any nominee found not to satisfy the eligibility criteria prescribed under Rule 12.12.7 shall be deactivated and shall not be entitled to exercise any rights or privileges as a nominee until compliance is established.**

The Managing Committee shall implement the Audit/ Scrutiny Report on Corporate Associates and Nominees prepared under the resolution during the SGM on 5-Feb-25 and shall deactivate all non-compliant Nominees within 30 days.

Explanatory Note:

The Rule requires Corporate Associate nominees to:

a) be full-time working Directors or Senior Executives of the Corporate Associate;
b) draw an annual remuneration of not less than Rs.70 lakhs;

c) establish such remuneration through Form 16 certified by the Statutory Auditors; and
d) be interviewed & elected by the Managing Committee if found fit.

Concerns have been raised regarding compliance with these requirements and the process followed when nominees are changed by the Corporate Associates.

The General Body is requested to adopt the above interpretations and directions as binding guidance for the Managing Committee to ensure consistent implementation of the Rules, good governance, transparency in decision-making, equitable treatment of all applicants, and avoidance of ambiguity or precedent-related issues in the future.

Remarks of the Committee:
The Managing Committee is of the view that this is not required. In any case, the provisions of the existing rules are being strictly complied with. Furthermore, some rule changes are being proposed in the next SGM, which may alter certain existing rules.

As this is a Rule Change, it cannot be considered as part of an AGM Resolution.

Mr. G.D. Bagri, INDB097 – He said that, although he wanted the matter to be discussed, he respected the President's remarks that these resolutions would be handed over to the Rules Committee, and that they would address them.

President said absolutely.

Mr. G.D. Bagri said that he had the President's commitment that these matters would be addressed by the Rules Committee and that, if required, he was willing to be present.

President said absolutely.

Mr. G.D. Bagri said that he was withdrawing his Resolutions.

President said thank you, sir.

All the Resolutions proposed has been withdrawn by the Proposer Mr. GD Bagri.

Mr. Praveen Kumar Singhvi, INDS257 – He said kudos to the team and that they had done a great job this year and last year. He stated that they looked forward to the coming year being even greater. He then told Col. Nanjappa that he had a standard that he needed to go above and wished him all the best.

President said thank you, sir.

President said that, just before the meeting was adjourned, he wanted to take the opportunity to thank Mr. Charu Sharma. He stated that this had never been done before and that Mr. Charu Sharma had been instrumental in the most successful tournament the club had, the KPL. He therefore wanted to place on record the club's thanks and appreciation to Mr. Charu Sharma and thanked him.

6. To elect the Managing Committee for the ensuing year.

President said we are done with the Members' Resolution. So, I now adjourn the AGM for voting to elect the Managing Committee for the year 2026-2027. Thank you, Ladies and Gentlemen.

AGM resumed at 9.00 pm.

The Chief Electoral Officer, Mr. V. Venkat Subramaniam, announced the results of the election as mentioned below:

The following Office Bearers/Committee Members have been elected to the Managing Committee for the year 2026-27 at the 51st Annual General Meeting held on 26th June 2026:

			NO. OF VOTES
PRESIDENT			
1.	COL C.P. NANJAPPA (RETD)	ELECTED	UNOPPOSED
CAPTAIN			
1.	MRS. ROOPA PRATAP	ELECTED	UNOPPOSED
HON. SECRETARY			
1.	MR. HARI R. ACHANTA	ELECTED	576
2.	MR. RANJAN BISWAS	NOT ELECTED	328

HON. TREASURER

1.	MR. DEVAIAH SOMAIAH THENNIRA	ELECTED	UNOPPOSED

COMMITTEE MEMBERS

1.	SQN. LDR. ASHOK GOWDA	ELECTED	UNOPPOSED
2.	DR. GIRISH C. PANTH	ELECTED	UNOPPOSED
3.	GP. CAPT. A.S. KUMARAN	ELECTED	UNOPPOSED
4.	MR. PRASANTH. C.	ELECTED	UNOPPOSED
5.	MR. J.M. SWAMY	ELECTED	UNOPPOSED

President thanked and congratulated the newly elected members of the Managing Committee for the year 2026-2027. After thanking all the members, the AGM was declared closed.

By Order of the Managing Committee,

HARI R. ACHANTA
HON. SECRETARY

KARNATAKA GOLF ASSOCIATION
ACTION TAKEN REPORT ON THE MINUTES OF THE
51ST ANNUAL GENERAL MEETING HELD ON 26TH JUNE 2026

SL. NO.	POINTS DISCUSSED	DECISION TAKEN/ ACTION TAKEN/ACTION TO BE TAKEN
1	**Confirmation of Minutes:**	
	(a) 50th Annual General Meeting was held on 27th June 2025.	Confirmed and adopted
	Suggestion was made that pending matters be prescribed as an Action To Be Taken Report (ATTR) and that a final Action Taken Report be placed before the members at the end of the year.	The Suggestion will be considered while preparing future reports so as to clearly distinguish between actions completed, actions in progress and actions proposed.
	(b) Special General Meeting held on 13th October 2025.	Confirmed and adopted
	(c) Special General Meeting held on 07th February 2026	Confirmed and adopted
2	**To adopt the Annual Report of the Committee**	
	(a) Scrutiny of Nomination Forms / Election Members suggested that nomination forms be initially checked by the Administration staff at the time of submission so that deficiencies, if any, may be identified at the initial stage.	The existing nomination process will be reviewed and a system for preliminary scrutiny of nomination forms by the Administration staff will be considered for implementation.
	(b) In view of the discussions and the observations made regarding the need to identify suitable land for the development of a new golf course, it was suggested by Mr. BS Patil to constitute a group of interested members and golf enthusiasts. The proposed group may examine potential locations in and around Bangalore, within approximately 50–75 kilometres and explore suitable opportunities for the development of a golf course. The initiative would focus specifically on	The President informed that action had already been initiated in this regard. A Committee has been constituted to explore the possibility of identifying suitable land for the development of a new golf course, with Mr. Nandan Heblikar as one of its members. The Committee is currently evaluating the project and exploring suitable opportunities.

	the development of a golf course and not on any real estate-related activity. Mr. BS Patil offered his services to support KGA in identifying a suitable location and advising on the way forward. **(c) Amendment of Election Rules** – Members suggested amendments to the Election Rules, particularly relating to nomination forms, eligibility requirements and the election process.process. **(d) Discretionary Powers in Election Matters** – The need for clarity regarding discretionary powers and handling of legal or disciplinary disclosures in the election process was raised. **(d) 20-Round Playing Requirement for Election Candidates** – Members suggested reconsideration of the requirement. **(e) Eligibility of Proposer / Seconder** – Clarification was sought regarding the eligibility of a Proposer or Seconder having outstanding dues. **(f) NOTA Provision** – A suggestion was made to consider the introduction of "None of the Above (NOTA)" in elections. **(g) Driving Range – Improvement of Terrain** – Improvement of the terrain at the Driving Range was suggested. **(h) Practice Range Mats** – The condition of the practice-range mats was raised.	In view of the Chief Minister having already expressed the Government's willingness to facilitate the process during the visit to BGC, the Club will take advantage of this opportunity and pursue the matter further. The guidance and assistance offered by Mr. B.S. Patil in identifying a suitable location and advising on the way forward will be considered. The existing Election Rules will be reviewed and necessary amendments will be proposed for consideration at the next SGM. The matter will be examined as part of the review of the Election Rules and suitable provisions, if required, will be incorporated. The provision will be reviewed as part of the proposed amendments to the Election Rules. The relevant provision will be reviewed and appropriate clarification incorporated in the Election Rules. The suggestion will be considered during the review of the Election Rules. The requirement will be examined from the technical, operational and financial aspects and appropriate action will be considered. The condition of the mats will be inspected and repair or replacement will be undertaken as considered necessary.
3	**To adopt the Balance Sheet, the Income and Expenditure Statement, and Auditors ' Report for the period ending 31st March 2026.**	

	(a) Income and Expenditure exceeding ₹5 lakh – Members sought details of income and expenditure exceeding ₹5 lakh. **(b) Quarterly Unaudited Financial Results** – Members sought regular circulation or display of quarterly unaudited financial results. **(c) Financial Policy Document** – A comprehensive Financial Policy Document covering financial procedures, including transfers and adjustments between accounts, was discussed. **(d) Budget vs. Actual Expenditure / Financial Discipline** – Members suggested regular comparison of approved budgets with actual expenditure and stronger expenditure control, particularly in respect of tournaments and events. **(e) Transfer of ₹150 from Members' Subscription** – Clarification was sought regarding the transfer of ₹150 from members' subscriptions to the General Pool. **(f) Unreconciled Amount of ₹1,29,73,629** – The General Body approved the accounting treatment of the legacy unreconciled amount.	The Finance Department will ensure that details of such income and expenditure are appropriately reported or circulated, as required. The Finance Department will ensure preparation and circulation or display of quarterly unaudited financial results, as required. A comprehensive Financial Policy Document will be prepared and placed before the Managing Committee for consideration. A regular Budget vs. Actual review mechanism will be introduced and budgetary controls and monitoring of expenditure will be strengthened. The basis and authority for the transfer will be reviewed and appropriate action taken, including obtaining approval. The following resolution was moved on the floor and approved by the General Body. “RESOLVED THAT an amount of Rs.1,29,73,629 (Rupees one crore twenty-nine lakhs seventy-three thousand six hundred twenty-nine only) has accumulated over a period of time primarily due to differences arising from the use of two accounting systems, namely Clubman and Tally, in earlier years, leading to legacy unreconciled entries which are no longer traceable or attributable to specific members and it is hereby authorized to account it as a prior period adjustment in our books of account, and disclose the same as an exceptional item in the Income and Expenditure account for the year ended 31.3.2026” Detailed reconciliation will be carried out and the appropriate accounting or recovery treatment

	(g) Further Unreconciled / Outstanding Amounts – The need for reconciliation and appropriate treatment of the remaining amounts was raised. **(h) Extraordinary / Non-operating Income** – Members suggested appropriate disclosure of income arising from the sale or redemption of bonds and similar transactions. **(i) Bar Credit Notes** – The accounting treatment of credit notes received from liquor companies was raised. **(j) Inter-Departmental / Cross-Adjustments** – Greater transparency and appropriate accounting procedures for transfers and adjustments between departments and accounts were suggested. **(k) Claret Bar / Party Hall Facility** – Members sought clarification regarding the use and availability of the facility.	will be determined in consultation with the Auditors. The accounting and presentation of such income will be reviewed in consultation with the Auditors and appropriately disclosed. The accounting treatment will be reviewed in consultation with the Auditors and appropriate accounting treatment adopted. Existing procedures will be reviewed and appropriate approval, accounting and disclosure mechanisms will be formalised. The operational use and booking procedure will be reviewed and communicated to members, as appropriate.
4	**To appoint an Auditor to hold office for the ensuing year with their remuneration -** The MC recommends the appointment of M/s. NCS Raghavan and Company, Chartered Accountants, FRN 0073355, as Statutory Auditors for the year 2026-2027 on a remuneration of Rs.4.00 lakhs (Rupees four lakhs only).	**Approved by the General Body.** M/s. NCS Raghavan & Co. has been appointed as Statutory Auditor for the year 2026-2027 on remuneration of Rs.4.00 lakhs (Rupees four lakhs only).
5	**Other resolutions, if any:-** **<u>Members Resolutions:</u>** **(a) Resolution proposed by Mr. C.N. Kumar, INDK104 -** **Resolution**: The incoming Managing Committee shall, within a period of 12 weeks of assuming office, publish, circulate, and complete the implementation of the recommendations of the Scrutiny Committee constituted to review the profile of existing Corporate	The members of the Scrutiny Committee appointed earlier i.e. Mr. C.N. Kumar, Mr. Shankar S. Poti, and Mr. Ramachandran Vellore, will interact with the Managing Committee and

	Associates under Categories I and II and their Nominees in terms of the Rules of the Association.	review the Corporate Associates /Nominees on a case-by-case basis.
6	**(b) Resolution proposed by Mr.Ramachandran Vellore,INDR457** **Resolved that the following Bye-Law be amended as per Rule 21.6.6** **Existing -** **24.2.4 - Project Sub Committee -** A Project Sub Committee consisting of Members who are qualified domain experts shall be formed by the Managing Committee to execute the timely and proper execution of projects that extend beyond the committee's term. The Office bearers and the chairman concerned will be Ex-Officio Members of the project sub-committee. The initial term of the Project Sub Committee shall be for a period of three years. Thereafter, each year two Members of the Sub Committee will retire by rotation, and the Managing Committee in office shall nominate other members in their place. **Amended –** **24.2.4 - Project Sub Committee** A Project Sub Committee consisting of Members who are qualified domain experts shall be formed by the Managing Committee to execute timely and proper execution of all projects above 25 Lacs. The Office bearers and the chairman concerned will be Ex-Officio Members of the Project Sub Committee. The initial term of the Project Sub Committee shall be for a period of three years. Thereafter, each year two Members of the Sub Committee will retire by rotation, and the Managing Committee in office shall nominate other members in their place.	The proposed amendment to Bye-Law was not approved by the General Body.

	Existing: **24.5 - The Hon. Secretary:** **Resolution:** **Para 2:** He/ She shall be responsible for scrutinizing the eligibility of all applicants for Membership / Associateship, in all respects, and decide their acceptance or rejection before Registration. He / She may appoint a scrutiny cell among members of the Committee to assist Him / Her in this regard. His / Her report shall form part of the Agenda in all Managing Committee meetings. **Amended:** **24.5 - The Hon. Secretary:** **Para 2:** He / She shall be responsible to scrutinize the eligibility of all applicants for Membership/Associateship, in all respects, and decide their acceptance or rejection before Registration. He /She shall constitute a scrutiny cell of 3 Permanent Members other than Committee Members to assist Him / Her in this regard; The Scrutiny Committee Members shall be members for 5 years or more. His / Her report shall form part of the Agenda in all Managing Committee meetings.	Majority of the members present in the meeting hall voted against the resolution. Hence this resolution was defeated.
7	**(c) Resolution proposed by** **Mr.C P Rangachar, INDR065** **Mr. K. Raghunandan, INDR224** **Mr. Vimal Narayan, INDN046** **IT IS HEREBY RESOLVED THAT:** 1. Karnataka Golf Association shall maintain complete transparency with its Members regarding the utilization of golfing facilities. 2. The Club shall publish on its official website, on a daily basis, the list of Members and other eligible golfers who have played on the golf course each day.	The matter will be examined with the ERP team to determine a practical system and suitable frequency for making the relevant information available to members.

	3. Such information shall be made available in a timely manner and shall remain accessible to Members for a reasonable period for reference and review. 4. The Management Committee shall take necessary steps to implement this resolution and establish a suitable system for regular publication of the aforesaid data on the Club's website. **RESOLVED FURTHER THAT** this measure is intended to enhance transparency, accountability, and effective communication between the Club and its Members.	
8	**(D)Resolution proposed by Mr. G D Bagri, INDB097** **Resolution #1 - Inviting Objections from Members to the interview of Members/ Associates / Corporate Associates(Rule 13.2):** **Resolution #1A – Publication of Applicant's Information:** **Resolved that:** As a matter of abundant caution and to ensure compliance with applicable data protection requirements, all applicants shall provide a written declaration consenting to publish and circulate their information in the format traditionally followed by KGA. **Resolution #1B – Recommendation/s after publication of Interview List** **Resolved that:** Any recommendation or solicitation made on behalf of an applicant after publication of the Interview List shall be treated as an adverse factor while considering the application. Furthermore, as this constitutes a Rule Change, it cannot be considered as part of an AGM resolution.	All the resolutions proposed by Mr. GD Bagri were withdrawn by him based on the President's commitment that the matters would be referred to and addressed by the Rules Committee.

	Resolution #1C – Withdrawal of Applications after Publication of Interview List: **Resolved that:** No application for Membership/ Associateship shall be withdrawn once the applicant's name has been published in the Interview List. The Managing Committee shall dispose of all such waitlisted applications within 30 days in accordance with these directions. **Resolution #2 – Corporate Associate Nominees and their Life Member/ Permanent Associate Application:** **Resolved that:** Where the eligibility or status or declarations or continued compliance of a Corporate Associate or its nominee are disputed or under scrutiny or prima facie inconsistent with KGA Rules, no application for the Nominee or his/ her spouse for Membership/ Associateship shall be processed until all related issues have been conclusively resolved. The Managing Committee shall dispose of all such waitlisted applications within 30 days in accordance with these directions. **Resolution #3 – Eligibility of Corporate Associate Nominees (Rule 12.12 & Sub-rule 12.12.7)** **Resolved that:** i) Every Corporate Associate nominee shall continuously satisfy all eligibility requirements prescribed under the Rule; ii) Any change of nominee shall be notified to Members in the same manner as other applicants (Rule 13.2) to enable Members to submit objections, if any;	

	iii) Every nominee shall be interviewed and elected by the Managing Committee and not merely approved by the Office Bearers; iv) Any nominee found not to satisfy the eligibility criteria prescribed under Rule 12.12.7 shall be deactivated and shall not be entitled to exercise any rights or privileges as a nominee until compliance is established. The Managing Committee shall implement the Audit/ Scrutiny Report on Corporate Associates and Nominees prepared under the resolution during the SGM on 5-Feb-25 and shall deactivate all non-compliant Nominees within 30 days.	
9	**To elect the Managing Committee for the ensuing year 2026-27.**	Elections conducted and Results announced by the Chief Electoral Officer.
